Re: Public Water System Inactivation
PWSID #2200990

Dear Mr. Davis:

The Indiana Department of Environmental Management's Drinking Water Branch has received information indicating your facility is no longer in operation. Consequently, as of September 29, 2016, your public water system has been inactivated and is no longer required to comply with the federal and state drinking water testing requirements. **Please notify our office of any status changes regarding your facility.** Your facility information will remain in our files for future reference, if necessary.

Please send or fax all report forms/correspondence to the following:

Indiana Department of Environmental Management

Subject: Inactivate IN2200990

Good Afternoon,
I went to do an inspection of a system that I could never get ahold of. They are gone. Evergreen RV "cut and Ran" two months ago. Can we inactivate them. Thor has purchased the property and is going to move a Cruiser RV line into this property within the next year.
