Re: Public Water System Inactivation
PWSID #2060026

Dear Mr. Schneider:

The Indiana Department of Environmental Management's Drinking Water Branch has received information indicating your facility is connected to city water. Consequently, as of September 28, 2016, your public water system has been inactivated and is no longer required to comply with the federal and state drinking water testing requirements. Please notify our office of any status changes regarding your facility. Your facility information will remain in our files for future reference, if necessary. The unused public water supply well must be abandoned in accordance with 312 IAC 13-10-2. The Department of Natural Resources, Division of Water (317-234-1085) is to be notified in writing of a well abandonment within thirty (30) days after plugging is completed.

Please send or fax all report forms/correspondence to the following:

Indiana Department of Environmental Management
OWQ Drinking Water Compliance – Mail Code 66-34
100 North Senate Avenue, Room 1255
Indianapolis, Indiana 46204-2251
(FAX) (317) 234-7436

If you have any further questions regarding your system's inactivation, please contact Ms. Sara Pierson at (317) 234-7452, or your field inspector, Mr. Alan Melvin, at (317) 694-2754.

Sincerely,

Mary E. Hollingsworth, Branch Chief
Drinking Water Branch
Office of Water Quality

Yes! I received a call from John Schneider. The transfer to Whitestown Water and the GC of IN can be inactivated as a PDWS.

Wili,
I stopped by last week & they are still on well. He expects to have Westfield water any day. When he does, he will call me.

Wili,
I just got off of the phone with John Schneider. He tells me that they have hooked up to a municipal water system. I will be inspecting next week to confirm. They have been receiving non-compliance letters from you re: sampling. Please clear for now.
Thanks, Alan
