Indianapolis, Indiana 46205

Dear Mr. Chasteen:

Re: Sludge Disposal, Indiana Steel
and Wire, Muncie, Indiana

This will acknowledge receipt of your letter of October 19, 1972, with attached plan for disposal of waste treatment sludges from the facilities being constructed at Indiana Steel & Wire Company, Muncie, Indiana.

We have no objections to the proposed plan for disposal of dewatered solids provided it is considered satisfactory by the Department of Natural Resources, will be operated in a manner that will comply with sanitary landfill requirements and that the Board be notified whenever a cell is to be backfilled to allow for an inspection to be made.

Very truly yours,

Samuel L. Moore, Director
Division of Water Pollution Control

CLGough/lbw

cc: Mr. John Craddock
Mr. Howard Latta
