Hello Dave,

Apologies for the delay, I'm out of the office this week. But below is the contact information the RP has provided thus far. My understanding is that Mr. Kaur is the safety and compliance manager for both Aceway and the Canadian parent company. Please let me know if this is sufficient and if not I can follow up on the request with them for additional information.

Aceway Logistics Inc.
610 W TROY AVE
INDIANAPOLIS, IN 46225
Prabhjot Kaur (Safety & Compliance)
Ph: 463-209-7832
Email: info@acewaylogistics.com

At this time we are just waiting on approval to proceed with the current budget from the client. Once we have approval we will move to schedule the remedial excavation for next available date.

Please reach out if you have any other questions at this time. Have a good day.

Understood, Dave. I don't have that information but will get it for you as soon as possible.

Please reach out if there's anything else you would like to discuss in the interim. Alan Perry is currently on stand-by to mobilize a vac truck to the site as soon as we get the green light from EFI Canada. Have a good day.

Matt,

After some thought, I will need contact information for Aceway Logistics to draft the email we spoke about yesterday. I will need a name, position, phone number and E-mail for representatives at both the Corporate Office and the Indianapolis location. I show their DOT #3356633 for Indianapolis but no mention of their corporate address in Canada. I understand of the potential language barrier but they are ultimately the Responsible Party.

Thanks
