Re: Monitoring and Reporting Noncompliance  
Drinking Water Branch - Compliance  
*PWSID #2600011*  
Quincy, Owen County

Dear Will Daubenspeck:

The Indiana Department of Environmental Management (IDEM) staff of the Office of Water Quality has conducted a review of your drinking water monitoring and reporting requirements in order to determine compliance with the Revised Total Coliform Rule (RTCR).

This review noted the following violations:

Contaminant	Date	Violation	Corrective Action
Total Coliform	June 2024	40 CFR 141.860(c)(1) 40 CFR 141.860(d)(1)  Monitoring & Reporting Violations  Failure to collect and submit routine distribution sample results for Total Coliform  <i>Rules cited have been incorporated by reference at 327 IAC 8-2.4-1</i>	Submit report/s (see instructions on page 2)  OR  Public Notice per the attached instructions and send a copy to IDEM

Within ten (10) days of receipt of this letter, the required result(s) must be submitted to IDEM. Please contact your lab to submit the results immediately. IDEM will accept these results electronically through CMDP (Compliance Monitoring Data Portal). If you failed to collect the required samples, you are required to public notice per the attached instructions.

Submit this information to:

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER  
REVISED TOTAL COLIFORM RULE**

**Monitoring and Reporting Requirements Not Met for:  
Home Place Campground - Wellhouse**

Our water system recently violated a drinking water standard. Although this is not an emergency, as our customers, you have a right to know what happened, what you should do, and what we are doing to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water standards meet EPA's health standards. During **June 2024** we **did not test** for **Total Coliform** and therefore cannot be sure of the quality of our drinking water at that time.

**What should I do?** There is nothing you need to do at this time. You do not need to boil your water or take other corrective actions. You may continue to drink the water.

**What does this mean?** This is not an immediate risk. If it had been, you would have been notified immediately.

**What Happened? What is being done?** *Explain below.*

We anticipate resolving the problem within \_\_\_\_\_.

For more information, please contact the public water system:

Contact Name: \_\_\_\_\_ Phone Number: \_\_\_\_\_.

*\*Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.\**

**Public Notice Instructions**

**You are required to provide the enclosed public notice within the next thirty (30) days.** You must use one or more of the following methods to deliver the notice to consumers:

Community systems must use one of the following methods:

- Hand or direct delivery
- Mail, as a separate notice or included with the bill
- Publishing in newspaper within the area served

Non-community systems must use one of the following methods:

- Posting in conspicuous locations
- Hand or direct delivery
- Mail, as a separate notice or include in the mail

**You may need to use additional methods since notice must be provided in a manner reasonably calculated to reach all persons served. You may modify the enclosed public notice to tailor it to your specific situation, but you must still include all the required elements and language in italics must remain unchanged.**

**After issuing the notice**

Send a copy of each type of notice and certification form within ten (10) days from the time you issue the notice to the following address:
