Re: Monitoring and Reporting Noncompliance
Drinking Water Branch - Compliance
PWSID #2520136
Bunker Hill, Miami County

Dear Rita Childers:

The Indiana Department of Environmental Management (IDEM) staff of the Office of Water Quality has conducted a review of your drinking water monitoring and reporting requirements in order to determine compliance with the Revised Total Coliform Rule (RTCR).

This review noted the following violations:

Contaminant	Date	Violation	Corrective Action
Total Coliform	June 2024	40 CFR 141.860(c)(1) 40 CFR 141.860(d)(1) Monitoring & Reporting Violations Failure to collect and submit routine distribution sample results for Total Coliform <i>Rules cited have been incorporated by reference at 327 IAC 8-2.4-1</i>	Submit report/s (see instructions on page 2) OR Public Notice per the attached instructions and send a copy to IDEM

Within ten (10) days of receipt of this letter, the required result(s) must be submitted to IDEM. Please contact your lab to submit the results immediately. IDEM will accept these results electronically through CMDP (Compliance Monitoring Data Portal). If you failed to collect the required samples, you are required to public notice per the attached instructions.

Submit this information to:

Indiana Department of Environmental Management (IDEM)
OWQ Drinking Water – Mail Code 66-34
Attn: Collin Caudell
100 N. Senate Avenue
Indianapolis, IN 46204-2251
E-mail: dwbmgr@idem.in.gov

Failure to submit the required information may result in a referral to IDEM's Enforcement.

Thank you for your attention to this matter. If you have any questions, please call your Field Inspector Darek Petro, at (317) 617-9350 or your Compliance Officer, Collin Caudell at (317) 234-7421.

Sincerely,

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
REVISED TOTAL COLIFORM RULE**

**Monitoring and Reporting Requirements Not Met for:
Loree Brethren Church**

Our water system recently violated a drinking water standard. Although this is not an emergency, as our customers, you have a right to know what happened, what you should do, and what we are doing to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water standards meet EPA's health standards. During **June 2024** we **did not test** for **Total Coliform** and therefore cannot be sure of the quality of our drinking water at that time.

What should I do? There is nothing you need to do at this time. You do not need to boil your water or take other corrective actions. You may continue to drink the water.

What does this mean? This is not an immediate risk. If it had been, you would have been notified immediately.

What Happened? What is being done? *Explain below.*

We anticipate resolving the problem within _____.

For more information, please contact the public water system:
