Chesterton, IN 46304

Dear Mr. & Mrs. Balich:

Re: **Inspection Summary Letter**
557 E. Burdick Road
Complaint #111947
Chesterton, Porter County

On July 25, 2024, a representative of the Indiana Department of Environmental Management, Office of Land Quality, conducted an inspection of the above-referenced property, located at 557 E. Burdick Road, in Chesterton, Indiana. This inspection was conducted pursuant to IC 13-14-2-2. For your information, and in accordance with IC 13-14-5, a summary of the inspection is provided below:

Type of Inspection:	Follow-Up
Results of Inspection:	No violations were observed (see attached inspection report).

Please direct any questions regarding this letter to Cheryl Wiseman, 219-781-8557 or cwiseman@idem.in.gov.

Sincerely,

Mark A. Amick, Director

Background Information:

An inspection was performed on April 30, 2024, at 557 E. Burdick Road in Chesterton, Indiana, in response to an anonymous complaint, #111947, alleging the open dumping of asbestos and lead paint, and the burning of building materials, at the on-site residence. According to the Porter County Assessor's website, the property is listed as parcel #64-04-35-451-008.000-010, and as being owned by Mr. & Mrs. George M. and Ina F. Balich.

On April 30, 2024, this inspector drove to the property and observed a residential home that appeared to be in various stages of renovation. In the back yard, I observed three piles of plywood and lumber in various stages of decay that appeared to contain old plywood, lumber, pressed wood, pieces of tarps and carpeting, siding, plastic wrap, metal fencing and a toilet. Due to the extensive age of the home, some of the discarded items may contain asbestos and / or lead-based paint.

During the inspection on April 30, 2024, Ms. Abigail Balich, daughter of Mr. & Mrs. Balich, arrived on-site and informed this inspector that the piles of wood and debris are from the renovation taking place at the home. I informed Ms. Balich that if the construction and renovation materials are discarded and left to decay in the yard, and mixed with trash, they are solid classified as solid waste and therefore properly disposed. The following violations were cited, and a violation letter was sent to Mr. & Mrs. Balich.

Inspection Report:

On July 25, 2024, a follow-up inspection was performed. I met Ms. Abigail Balich at the site, and we walked to the back of the property where the three piles of plywood, lumber, carpeting, siding, plastic wrap, and a toilet were previously observed. During today's inspection, I noted that the trash and debris had been removed from the back yard, and the only items remaining were pieces of wood and lumber planned for repurposing during the home renovation project. I noted no solid waste violations with the items and areas inspected today.

The complaint also alleged the burning of various building materials at the property. Ms. Thalia Hobson, IDEM Air Quality Inspector, previously performed an inspection at the site and addressed any open burning issues under a separate cover.

Confidential Information

In accordance with 329 IAC 6.1 (<http://www.in.gov/legislative/iac/T03290/A00061.PDF>) a person submitting information to the department for which confidential treatment is requested shall make a written claim of confidentiality at the time of submittal of the information. A person may request confidential treatment of information at the time the information is acquired through the actions of the department, such as inspections. The written claim for confidential treatment may be broad, but must be sufficiently clear to allow for accurate identification of the information claimed to be confidential. In accordance with 329 IAC 6.1-4-1(d), supporting information must be submitted to the commissioner within five (5) working days from the time the information claimed as confidential is acquired by the department. A person submitting a claim of confidentiality shall designate and segregate the information and the supporting information to which the claim applies in a manner that is sufficiently clear to allow the department to identify all confidential claim materials. Confidential information may include (but is not limited to) written or printed material, maps, charts, photographs, or samples (see definition of information at 329 IAC 6.1-2-8). The undersigned Owner/Representative has alleged information acquired during this inspection **does** **does not** (check one) contain confidential information. A check in the "does" box is not a written claim for confidential treatment of information acquired during this inspection.

Notice of Oral Report

In accordance with IC 13-14-5 an oral report of the inspection was provided to the undersigned Owner/Agent at the conclusion of the inspection. The oral report includes any specific matters discovered during the inspection that the IDEM representative believes may be a violation of a law or of a permit issued by the department. The report does not include matters not evident to the IDEM representative or any fact that indicates an intentional, a knowing, or a reckless violation.
