Re: Permit Status, Land Application Permit
No. IN LA 000051

Dear Mayor Nelson Deutch:

This letter is to confirm the receipt of your permit renewal application for Land Application Permit No. IN LA 000051. The existing permit was issued on February 19, 2015, and is scheduled to expire on January 31, 2025. According to 327 IAC 6.1-3-1(c), applications for permit renewal are required to be submitted at least 180 days prior to permit expiration. Based on the expiration date of your permit, your renewal application was due to be submitted on or before August 4, 2024. By meeting this deadline, an existing permit is administratively extended until such time that a decision is made on the requested renewal. As your application was submitted on July 31, 2024, your current permit remains valid until a decision is made on your renewal application.

If you have any questions, please contact me at (317) 233-0472 or bstephan@idem.IN.gov.

Sincerely,

Brenda Stephanoff, Senior Environmental Manager
Solid Waste Permits Section
Office of Land Quality
