Dear Alex J Carroll,

I am the permit writer assigned to the current application No. 033-47908-00543 for Lifeline-7601, LLC. I would like to extend to you my contact information so that we may have continued communication until your new permit is issued. Please keep this information at hand. It is common for questions to arise, and oftentimes, further clarification is needed during the permit review process.

Based on my preliminary review of the application, please submit the paved/unpaved road calculation; for your convenience, I attached the spreadsheet for the paved/unpaved road calculation.

IDEM, OAQ will notify you when a draft permit has been submitted for public notice and/or when a final permit has been issued. As part of the notification, IDEM, OAQ will provide information on how to access the draft and/or final permit electronically on IDEM's website. If Lifeline-7601, LLC would prefer to receive paper copies of the entire draft and/or final permit, please let me know prior to the end of the applicant review period. If you prefer to receive paper copies of the entire permit, IDEM, OAQ will mail a paper copy of the draft permit and/or original signed final permit to the source contact. If you do not request to receive paper copies of the entire permit, IDEM, OAQ will only mail a paper copy of the original signed final permit signature page to the source contact.

Please feel free to contact me at any time if you have questions, concerns, or important information regarding your permit. For your convenience, my section chief (Iryn Calilung) may be contacted at 317-233-5692 or [ICalilun@idem.IN.gov](mailto:ICalilun@idem.IN.gov).

Thank you in advance for your time and assistance. I look forward to working with you.

Sincerely,

Indiana Department of  
Environmental Management

Hi Omar,

Hope you are doing well.

I have another Air Permit I am getting ready to send in to you and it is for a company called 401-Public Safety, LLC. This particular permit will be Exempt, as all the pollutant emissions fall below the registered levels.

My question to you is, do you need me to fill out all the same forms for this particular permit application, or just the 50639 Air Permit Application Cover Sheet and accompanying spreadsheet showing the emissions?

I am fine either way, just checking to see what is appropriate.

Thanks,

Alex Carroll

Hi Omar,

I just finished going over the Road Fugitives spreadsheet. I don't believe any of this is applicable to our operation, but I would like to check with you folks first.

We are not an industrial site, nor are we zoned industrial. We are commercial (located in an old Target retail building) and maybe have 5 cars a day in and out of the paved parking lot. We don't have any heavy equipment or big trucks that travel through each day, or anything like that.

Do you think we need to fill this out?

Thanks,

Alex Carroll

**Subject:** [External to Lifeline] RE: 401-Public Safety, LLC

Good morning, Alex.

Since the operation is at Exempt level, by law, there is no need to submit an application. However, I do understand that the source prefers to have something in writing from IDEM confirming this status.

Yes, please submit all applicable application forms, not just the Cover Sheet.

Also, be aware that depending on my section's workload at the time the application will be received by our office, it might necessarily be assigned to Omar.

Thank you,

Iryn

Dear Alex J Carroll:

Attached please find the draft Registration and supporting documents for review. As a courtesy, this draft is being provided to you for an opportunity to review and provide comments prior to the issuance of the permit approval.

The time clock for Registration permit No.: 003-47908-00543 will be stopped during your review until you either provide comments or indicate that you do not have any comments. Due to permit accountability and IDEM's intention to issue the permit in a timely manner, you are being allotted one week to provide comments in writing. If you have any conflicts or special circumstances that would impede your review process during the time allotted, please notify me directly at the email address or phone number listed below as soon as possible. If you have not responded on or before August 1, 2024, IDEM will assume that you have no comments pertaining to this draft and all files will be forwarded for issuance.

During this review period, I will be available to address your concerns, answer any questions that you may have, or make necessary revisions to this draft.

The following documents are not including in this review but will be included in the final approval:

Attachment A: New Source Performance Standards for Stationary Compression Ignition Internal Combustion Engines, 40 CFR 60, Subpart IIII

Attachment B: National Emission Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines, 40 CFR 63, Subpart ZZZZ

Pursuant to 326 IAC 2-1.1-7, the fee for this permitting action is expected to be \$1600, which is based on the following:

\$600	Registration
\$500	Each NSPS Review: \$500 (IIII)
\$500	Each NESHAP Review: \$500 (Subparts ZZZZ)

Please note: This is not a bill. This represents the anticipated fee and is subject to change if additional review is required or the permit level changes for some reason (e.g. an additional NESHAP review is required). You will receive a final bill from the OAQ Permits Administration and Support Section.

Sincerely,

Indiana Department of  
Environmental Management

Good morning, Alex J Carroll.

My name is Iryn Calilung, and I am Omar's supervisor. I am supplementing the email he sent to you yesterday.

The draft registration was provided to you to look at before we proceed in issuing it. However, we did not even receive an acknowledgement response from you if you receive such email. It is important that you communicate with us so that we can proceed with your air approval as soon as possible.

Please provide us the capacity of the fifth emergency generator, that the inspector found, that is not in the application. You do not need to do the calculation, simply provide us the maximum capacity and we will do the rest.

I also want to reiterate that your operation has been constructed and in operation, so, we are now going to draft an enforcement referral for doing these actions prior to getting an air approval.

If you prefer to have a TEAMS meeting to communicate with us, we can also do that. Please let us know. Thanks.

If you have any conflicts or special circumstances that would impede your review process during the time allotted, please notify me directly at the email address or phone number listed below as soon as possible. If you have not responded on or before August 1, 2024, IDEM will assume that you have no comments pertaining to this draft and all files will be forwarded for issuance.

During this review period, I will be available to address your concerns, answer any questions that you may have, or make necessary revisions to this draft.

The following documents are not including in this review but will be included in the final approval:

Attachment A: New Source Performance Standards for Stationary Compression Ignition Internal Combustion Engines, 40 CFR 60, Subpart IIII

Attachment B: National Emission Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines, 40 CFR 63, Subpart ZZZZ

Pursuant to 326 IAC 2-1.1-7, the fee for this permitting action is expected to be \$1600, which is based on

the following:

\$600	Registration
\$500	Each NSPS Review: \$500 (III)
\$500	Each NESHAP Review: \$500 (Subparts ZZZZ)

Please note: This is not a bill. This represents the anticipated fee and is subject to change if additional review is required or the permit level changes for some reason (e.g. an additional NESHAP review is required). You will receive a final bill from the OAQ Permits Administration and Support Section.

Sincerely,

Indiana Department of  
Environmental Management

Good afternoon, Alex.

Thank you for your response; for the fifth generator, I will use the same capacity as the other four generators; also, for the enforcement referral, you do not have to do anything, we have all the information we need.

Regards,

Indiana Department of  
Environmental Management

Hi Guys,

I am going to leave it up to your best judgement on how you want to handle Generator 5. While it is not hooked up in any way right now, or operational, it will be at some point in the future. Although that could be a year or two.

Just make a suggestion, I can do it either way. Gen 5 is exactly like the others. I would just need to find a serial number and everything else is the same.

I don't really know what an enforcement referral is, but just let me know what I need to do to help. I think we are basically getting back to normal around here, so hopefully things will smooth out.

Thanks,

Alex Carroll

Good morning, Alex J Carroll.

My name is Iryn Calilung, and I am Omar's supervisor. I am supplementing the email he sent to you yesterday.

The draft registration was provided to you to look at before we proceed in issuing it. However, we did not even receive an acknowledgement response from you if you receive such email. It is important that you communicate with us so that we can proceed with your air approval as soon as possible.

Please provide us the capacity of the fifth emergency generator, that the inspector found, that is not in the application. You do not need to do the calculation, simply provide us the maximum capacity and we will do the rest.

I also want to reiterate that your operation has been constructed and in operation, so, we are now going to draft an enforcement referral for doing these actions prior to getting an air approval.

If you prefer to have a TEAMS meeting to communicate with us, we can also do that. Please let us know. Thanks.

Iryn Calilung  
Permits Section Chief, OAQ

Good afternoon, Alex.

Please be advised that the review of the applicant for permit #47908 for Lifeline ended on August 1st, and I have not received any comments from you. Also, I was informed by the inspector that there is an additional generator under construction. Please send me the calculation for the fifth generator so I can add it to the permit.

Regards,

Indiana Department of  
Environmental Management

**Subject:** Applicant Review for Registration No. 003-47908-00543 for Lifeline 7601 LLC

Dear Alex J Carroll:

Attached please find the draft Registration and supporting documents for review. As a courtesy, this draft is being provided to you for an opportunity to review and provide comments prior to the issuance of the permit approval.

The time clock for Registration permit No.: 003-47908-00543 will be stopped during your review until you either provide comments or indicate that you do not have any comments. Due to permit accountability and IDEM's intention to issue the permit in a timely manner, you are being allotted one week to provide comments in writing. If you have any conflicts or special circumstances that would impede your review process during the time allotted, please notify me directly at the email address or phone number listed below as soon as possible. If you have not responded on or before August 1, 2024, IDEM will assume that you have no comments pertaining to this draft and all files will be forwarded for issuance.

During this review period, I will be available to address your concerns, answer any questions that you may have, or make necessary revisions to this draft.

The following documents are not including in this review but will be included in the final approval:

Attachment A: New Source Performance Standards for Stationary Compression Ignition Internal Combustion Engines, 40 CFR 60, Subpart IIII

Attachment B: National Emission Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines, 40 CFR 63, Subpart ZZZZ

Pursuant to 326 IAC 2-1.1-7, the fee for this permitting action is expected to be \$1600, which is based on the following:

\$600	Registration
\$500	Each NSPS Review: \$500 (IIII)
\$500	Each NESHAP Review: \$500 (Subparts ZZZZ)

Please note: This is not a bill. This represents the anticipated fee and is subject to change if additional review is required or the permit level changes for some reason (e.g. an additional NESHAP review is required). You will receive a final bill from the OAQ Permits Administration and Support Section.

Sincerely,

Indiana Department of  
Environmental Management
