Re: Hartson-Kennedy, Inc.
40 CFR 63, Subpart JJ Semi-Annual Compliance Report – 2nd Half 2024
T053-40630-00032

To Whom It May Concern:

Cornerstone Environmental, Health and Safety, Inc. is contracted to assist Hartson-Kennedy, Inc. in the recordkeeping and reporting requirements contained in their Title V Operating Permit 053-40630-00032. Submitted on behalf of Hartson-Kennedy, enclosed please find the Semi-Annual Compliance Report for the 2nd half of 2024.

Should you have any questions or require additional information please contact me at (317) 733-2637 ext. 310 or email at aswanson@corner-enviro.com.

Best regards,

A handwritten signature in black ink that reads "Andrea Swanson-Loop". The signature is written in a cursive style.

Continuous Compliance Status Report

Applicable Rule: 40 CFR Part 63, Subpart JJ – National Emission Standards for Wood Furniture Manufacturing Operations

1. Print or type the following information for each plant in which wood furniture manufacturing operations are performed:

Owner/Operator/Title: Hartson-Kennedy, Inc.

Street Address: 522 W. 22nd Street

City: Marion State: IN Zip Code: 46953

Plant Name: Hartson-Kennedy, Inc.

Plant Phone Number: (765) 668-3068

Plant Contact/Title: Judd Havens

Plant Address (if different than owner/operator's): Same as Owner

Street Address: Same as Owner

City: Same as Owner State: Same as Owner Zip Code: Same

2. Indicate the beginning and ending dates of the reporting period:

Beginning: July 1, 2024 Ending: December 31, 2024

3. Check all that apply for the facility's compliance approach.

For facilities using a compliant coatings/adhesives approach:

Each day in this reporting period, compliant thinners, coatings, and/or adhesives were used.

Indicate below on what dates any non-compliant coatings (including strippable spray booth coatings), thinners, or adhesives were used during the reporting period and why:

Continuous Compliance Status Report

For a compliant coatings approach using continuous coaters:

- Compliant coatings (as determined by the VHAP content of the coating in the reservoir and the VHAP content of the coating as calculated from records) and compliant thinners were used each day in this reporting period.
- Compliant coatings (as determined by the VHAP content of the coating in the reservoir) and compliant thinners were used each day in the reporting period and the viscosity of the coating in the reservoir has not been less than the viscosity of the initial coating.
- Indicate below on what dates any noncompliant coatings or thinners were used during the reporting period and why:

For facilities using an averaging approach:

- This facility has met the emission limits specified in 40 CFR 63.802 for finishing operations every month by using an averaging approach. A copy of the averaging calculation for each month within this reporting period is attached.
- This facility has not met the monthly average emission limits specified in 40 CFR 63.802 for finishing operations. A copy of the averaging calculation for each month within this reporting period is attached and the months for which this facility was out of compliance are noted below (Note that a violation of the monthly average is a separate violation of the standard for each day of operation, unless the affected source can demonstrate through records that the violation can be attributed to a particular day or days during the period.):

For facilities using a control device approach:

- Capture or control devices have not been operated at daily average values greater than or less than (as appropriate) the operating parameter values established in the initial performance test.

Continuous Compliance Status Report

- The following capture or control devices were operated at daily average values greater than or less than (as appropriate) the operating parameters established on the following dates:

For facilities using a combination of methods:

- Indicate the combination of compliance methods being used (averaging and control device or compliant coatings and control device), attach appropriate requirements, and check appropriate boxes above for both methods:

4. Work Practice Standards

- During this reporting period, the work practices in 40 CFR 63.803 were followed in accordance with the work practice implementation plan (WPIP) and the inspection and maintenance plan for this source.
- During this reporting period, the work practices in 40 CFR 63.803 were not followed in accordance with the work practice implementation plan and the inspection and maintenance plan for this source.

If the inspection and maintenance plan or work practice implementation plan was not followed during the reporting period, please provide an explanation of the reasons for not following the provisions of the plan, an assessment of whether any excess emissions and/or parameter monitoring exceedances are believed to have occurred, and a copy of the appropriate records documenting that the inspection and maintenance plan or work practice implementation plan was not followed. Please state whether either plan is being revised accordingly.

Continuous Compliance Status Report

5. Please describe any changes in monitoring, processes, or controls since the last reporting period:

6. Print or type the name of the Responsible Official for the plant:

Courtney Bozarth

Name

Chief Operating Officer

Title

A responsible official can be:

- ◆ The president, vice-president, secretary, or treasurer of the company that owns the plant.
- ◆ The owner of the plant.
- ◆ The plant engineer or supervisor.
- ◆ A government official if the plant is owned by the Federal, State, city, or county government.
- ◆ A ranking military officer if the plant is located on a military base.

I certify the information contained in this report to be accurate and true to the best of my knowledge.

Courtney Bozarth
