Hi John,

Thank you very much for keeping IDEM informed and your continued hard work. IDEM agrees to the 30-day extension.

The new deadline to receive the 20% timely settlement discount is March 13, 2025.

Thank you,
Lucas Kroening

Lucas,

LSC Communications is asking for a 30 day extension for the signature and return of the Agreed Order for Notice of violation dated December 11. After the 1-30-25 meeting at the IDEM office, we pursued getting additional information from the building owner (Phoenix LLC) to confirm that the floor which contained the leaked material was thoroughly cleaned after the date of the original inspection findings. Two Phoenix Employees were involved in the cleaning process and they agreed to provide written statements confirming their actions. We are told that their statements are being reviewed by the internal legal department at Phoenix and at this time we do not have a timeline of when the statements will be provided to LSC Communications.

Thank you for your consideration.

John Pierog
