RE: *Indiana Department of Environmental Management v. Alternative Two, LLC*
Cause No. – 71C01-1401-PL-000017

Dear Mayor Mueller:

I am a Deputy Attorney General representing the Indiana Department of Environmental Management in the above matter involving Alternative Two, LLC (“Alt Two”). IDEM has been diligently working with Alt Two to bring its tire storage and processing facility, located at 700 West Chippewa Avenue, South Bend Indiana, into compliance with the waste tire limit imposed by the IDEM registration, and it is IDEM’s understanding that when all of the waste tires have been removed that Alt Two will cease operating. However, Alt Two has reported that citizens of South Bend and the surrounding areas have continued to drop off waste tires at Alt Two’s facility. Any assistance your office can provide with ensuring South Bend citizens utilize other waste management facilities for their future tire disposal needs is appreciated.

Please forward citizen inquiries regarding proper management of waste tires to IDEM’s website at <https://www.in.gov/idem/waste/waste-industries/waste-tire-management/>. A list of registered waste tire transporters, storage facilities, and processors can be found here:
