Dear Mr. Youngstrom:

Re: Subcontract Approval
FFY 2019 205j Project
SCM# 36852

This is our approval of the subcontract with Environmental Solutions and Innovations, Inc. to perform tasks associated with the terms in the grant agreement not to exceed \$45,900. Please note that the subcontract for the 205j project must not exceed the term of the grant agreement between the ORSANCO and IDEM. Please note that future subcontracts must be approved prior to being signed by both parties in accordance with the Assignment; Successors section of the above grant agreement.

This subcontract was reviewed only for consistency with the scope of services, budget, and time frame of the grant agreement. This was not meant in any way to be a legal review. Your office is responsible for obtaining any legal review that you consider necessary.

Please forward a final signed copy of the subcontract to this Office. If you have any questions regarding this letter, please contact your Project Manager, Jamie Hosier, at (317) 308-3218.

Sincerely,

Jamie Hosier

Dear Mr. Youngstrom:

Re: QAPP Approval
FFY 2019 Section 319 Project
EDS# 38652

This letter is to inform you that the Quality Assurance Project Plan previously approved for the installation and operation of two continuous monitors on the Ohio River (FFY 2018 30926) has been approved with minor changes by our office for the continued operation of the two continuous monitors previously installed on the Ohio River and the analysis of the causes of algal blooms (FFY 2019 38652). The changes pertain to new timelines associated with the current project and will not affect the quality of the data to be collected for the project. The signature page is enclosed for your records.

Thank you for your interest in furthering Indiana's nonpoint source pollution goals by facilitating water quality monitoring efforts in your watershed. We appreciate your work and anticipate that much good will come from your efforts. Please remember to address quality assurance (QA) activities as required by the QAPP in the Quarterly Progress Reports for your project. If you have any questions or if we can be of further assistance, do not hesitate to contact your Project Manager, Jamie Hosier, at (317) 308-3218 or your QA Officer, Jody Arthur, at (317) 308-3179.

Sincerely,

Angela Brown, Chief
Watershed Planning and Restoration Section

Dear Mr. Harrison:

Re: Project Closeout
FFY 2019 Section 319 Project
EDS# A305-38652

Congratulations on completing the project entitled Operation of Two Continuous Monitors on the Ohio River. We have received and reviewed the Final Report for this project. Your efforts to monitor water quality on the Ohio River have been successful.

This Section 319 grant project is now closed and your final invoice is being processed. Again, thank you for your efforts to understand harmful algal blooms on the Ohio River. We look forward to working with you on future projects. If you have any questions about this letter or your grant project, please contact your Project Manager, Kathleen Hagan, at (317) 308-3197.

Sincerely,

Angela Brown, Chief
Watershed Planning and Restoration Section
Office of Water Quality
