Re: Notice of Violation and Proposed Agreed Order
MPLX Terminals LLC – Mount Vernon
Terminal
Plant ID No. 129-00005
Mount Vernon, Posey County
Case No. 2023-29402-A

Qualified offer of settlement: inadmissible pursuant to Rule 408 of the Ind. Rules of Evidence. IDEM asserts that any offer to compromise a claim or any acceptance of such offer does not bind or obligate the parties of this enforcement action in the absence of a final order of the agency.

Dear T J Aydt:

This is to advise that the Indiana Department of Environmental Management ("IDEM") has conducted an investigation of MPLX Terminals LLC – Mount Vernon Terminal located at 129 Barter Street, in Mount Vernon, Indiana. As a result of information obtained during that investigation, IDEM has made a preliminary determination that violations of environmental permit conditions exist. Pursuant to IC 13-30-3-3, enclosed please find a Notice of Violation that sets forth the alleged violations, and a proposed Agreed Order which constitutes a qualified offer of settlement.

You may request a settlement conference to discuss the allegations and the actions necessary to correct and resolve the violations, which may include injunctive relief and the establishment of a compliance schedule. Payment of a civil penalty will also be discussed. The civil penalty amount noted in the proposed Agreed Order contains a preliminary penalty figure for settlement discussion purposes only and is based on penalty calculations associated with the alleged violations set forth in the Notice of Violation. A portion of the civil penalty may be offset by performing an approved Supplemental Environmental Project (SEP). Typical SEPs have included pollution prevention, pollution control, and environmental restoration projects. A copy of

We appreciate your input!

L 4684 and 8021 P16 1/2024

IDEM's SEP policy may be obtained from this office or at IDEM's website at www.IN.gov/idem.

The individual signing the enclosed Agreed Order should be a designated manager or, in the absence of a manager, a member of the limited liability corporation. The timely entry into an Agreed Order, which saves you and IDEM time and resources, may lead to a reduction in the civil penalty.

IDEM is not required to extend the offer of entry into an Agreed Order for more than sixty days. You may enter into an Agreed Order without admitting that the violations occurred. If an Agreed Order is not entered into, IDEM may proceed to issue a unilateral notice and order requiring compliance with the environmental permit conditions, including payment of a civil penalty. Please contact me at 317-232-8412 or LHayhurs@idem.in.gov if you have any questions or if you wish to request a settlement conference.

Sincerely,

A handwritten signature in black ink that reads "Lisa Ward". The signature is written in a cursive, flowing style.

Case No. 2023-29402-A

Pursuant to Indiana Code ("IC") 13-30-3-3, the Indiana Department of Environmental Management ("IDEM") issues this Notice of Violation. Based on an investigation including a report review conducted by an IDEM representative, IDEM has reason to believe MPLX Terminals LLC – Mount Vernon Terminal ("Respondent") violated environmental permit conditions. The violations are based on the following:

1. Respondent is MPLX Terminals LLC – Mount Vernon Terminal, which owns and operates the stationary petroleum storage and distribution terminal with Plant ID No. 129-00005, located at 129 Barter Street, in Mount Vernon, Posey County, Indiana ("Site").
2. Pursuant to Part 70 Permit No. 129-44397-00005 ("Permit") Conditions D.1.1 and D.1.4, Respondent shall operate the Vapor Recovery Unit ("VRU") at all times the loading racks are in operation and loading gasoline, such that Volatile Organic Compound ("VOC") emissions from the VRU shall not exceed 19.05 milligrams per liter ("mg/l") (0.159 pounds per thousand gallons ("lb/kgal")).

On January 9, 2022, Respondent opened the barge hatches while loading gasoline, bypassing the VRU, in violation of Permit Conditions D.1.1 and D.1.4.

On December 6, 2022, Respondent loaded gasoline into a barge without the VRU controlling VOC emissions, in violation of Permit Conditions D.1.1 and D.1.4.

Pursuant to IC 13-30-3-3, the Commissioner herein provides notice that the violations may exist and offers an opportunity to enter into an Agreed Order providing for the actions required to correct the violations and, as necessary and appropriate, for the payment of a civil penalty. The Commissioner is not required to extend this offer for more than sixty (60) days.

Visit on.IN.gov/survey or scan the QR code to provide feedback.

We appreciate your input!

Let's keep it real. 8/20/25 11:13 AM

Pursuant to IC 13-30-3-3, an alleged violator may enter into an Agreed Order without admitting the violations occurred. IDEM encourages settlement by Agreed Order, thereby resulting in quicker correction of the environmental violations and avoidance of extensive litigation. Timely settlement by Agreed Order may result in a reduced civil penalty. Also, settlement discussions will allow Respondent the opportunity to present any mitigating factors that may be relevant to the violations.

If an Agreed Order is not entered into within sixty (60) days of receipt of this Notice of Violation, the Commissioner may issue a Notice and Order under IC 13-30-3-4 containing the actions that must be taken to correct the violations and requiring the payment of an appropriate civil penalty. Pursuant to IC 13-30-4-1, the Commissioner may assess penalties of up to \$25,000 per day for each violation.

Please contact Lisa Ward at 317-232-8412 or LHayhurs@idem.in.gov within fifteen (15) days after receipt of this Notice to discuss resolution of this matter.
