Enclosed is our Emergency Response Plan for Mohawk Laboratories. This will be sent annually for your reference. If any major changes are made before the annual date in October, we will send you a new copy at the time.

If you have any questions, please give me a call.

Sincerely,

Dave Wotta

Branch Manager

EMERGENCY RESPONSE PLAN

EPA ID# IND000198473
Latitude 39° 48' 57" N
Longitude 86° 1' 11" W

This plan meets the requirements of 40 CFR 265, Subpart C "Emergency Preparedness and Prevention", and Subpart D "Contingency Plan and Emergency Procedures" as required by 40 CFR 265.34 (c) (1) (c).

This plan was developed as a joint effort between Mohawk-Indiana and the Indianapolis Fire Department (IFD).

Indianapolis Fire Department will be first responder for any emergency, including fire, spills, and accidents. Once they reach our site, they will coordinate and control police, ambulance, hospital, and hazardous material response. They will determine the need for these additional support groups, and in consultation with us, will dispatch them when and if they are needed.

They have emergency response plans in place with local hospitals and, depending on the nature of the injury and number of people involved, will implement those plans as required.

We have assigned specific individuals to assist them in the following roles:

**Command Post/Media Representative
Physical Plant Representative
Chemical/Material Representative
Safety Representative**

**MOHAWK-INDIANA
EMERGENCY RESPONSE PLAN ROLES**

<u>NAME</u>	<u>TITLE</u>	<u>ROLE</u>	
Dave Wotta	Branch Manager	Command Post/Media Rep. Safety Rep. Chemical/Material Rep.	(Primary) (Alternate) (Alternate)
Chuck Riggles	Plant Manager	Safety Rep. Command Post/Media Rep. Physical Plant Rep.	(Primary) (Secondary) (Alternate)
Chris Greathouse	Filling/Production Manager	Chemical/Material Rep. Safety Rep. Command Post/Media Rep.	(Primary) (Secondary) (Alternate)
Eric Stidd	Maintenance	Physical Plant Rep.	(Primary)
Dave Wotta	Branch Manager	Physical Plant Rep.	(Secondary)
Bobby Courtney	Powder Manager	Chemical/Material Rep.	(Secondary)

NOTE: All above personnel are to report to the Indianapolis Fire Department Incident Commander In Charge. Incident Commander In Charge will delegate specific duties.

DEFINITIONS OF COMPANY POSITION FOR EMERGENCY ASSISTANCE

COMMAND POST/MEDIA REPRESENTATIVE

This individual shall be knowledgeable of the company's background, personnel, company policies, and basic physical plant and chemical operations. This person would be stationed at the Indianapolis Fire Department Command Post and be available to assist the Indianapolis Fire Department Incident Commander In Charge with support information and to assist in providing the information to the media.

PHYSICAL PLANT REPRESENTATIVE

This person shall be familiar with the physical plant facility, such as piping, valves, storage tanks, and their general operations. This person also shall be familiar with pumping operations, emergency spill and overflow containments, and general building plans. This individual will report to the Indianapolis Fire Department Incident Commander in Charge and provide whatever assistance possible.

CHEMICAL/MATERIAL REPRESENTATIVE

This individual shall be familiar with the chemicals/materials stored, used, produced, and processed by the company. This person should have knowledge or resources available of any recent changes or additional chemicals/materials that are different than the plant plan. This person will report to the Indianapolis Fire Department Incident Commander in Charge and provide whatever assistance possible.

SAFETY REPRESENTATIVE

This individual shall be familiar with company procedures, policies, and basic physical plant and chemical operations. This individual will report to the Indianapolis Fire Department Commander in Charge and provide whatever assistance possible.
