General Comments

Today's inspection was conducted as a follow-up inspection. The 72-hour bio-security policy was waived in order to conduct the inspection.

During the previous inspection on 3/16/2026, it was noted that compost was outside of the compost structure on the back wall. (VFC# 83947863)

Today IDEM CFO inspectors met on-site with the owner, Ryan Allbaugh, for a visual inspection of the compost structure. The compost previously noted outside of the structure has been cleaned up and properly stored in the structure. (See attached photo)

The previous violations cited have been corrected.

No other operational/maintenance concerns were observed at the time of inspection.

Description of Violations and Further Actions

The findings noted in this report do not include a compliance evaluation for the submittal of required construction notifications, construction affidavits, facility change notifications, as-built plans, waste storage structure closures, and special compliance monitoring reports or data.
