Re: Stack Test Extension Response Letter
Buckeye Terminals, LLC
Plant ID 063-00011
Indianapolis, Hendricks County

Dear Mr. Decker:

On March 18, 2020, the Indiana Department of Environmental Management (IDEM), Office of Air Quality (OAQ), received a request for an extension of compliance testing from Buckeye Terminals, LLC - Raceway Terminal (Buckeye Raceway Terminal) located at 3230 N. Raceway Road in Indianapolis, Indiana. Pursuant to Federally Enforceable State Operating Permit (FESOP) F063-36717-00011, Condition D.1.6, outlet VOC testing of the vapor combustion unit on the gasoline loading rack (FLRACK) shall be performed at least once every 5 years from the date of the most recent valid compliance demonstration. The most recent valid compliance demonstration was conducted April 10, 2015. Therefore, compliance testing for the gasoline loading rack (FLRACK) is required to be conducted by April 10, 2020.

According to Buckeye Raceway Terminal, the compliance testing cannot be conducted by the designated deadline due to travel restrictions associated with the COVID-19 pandemic.

At this time, IDEM cannot approve your request to extend the permitted compliance testing deadline. Testing after the date specified in the permit constitutes a violation. However, if compliance testing is adequately performed by August 31, 2020,

no enforcement action will be taken for failing to test before the original deadline stated in your permit. Please direct any questions to Brock Jones, Compliance Inspector, at (317)233-2721 or by email at BJones2@idem.IN.gov.

Sincerely,

Phil Perry, Chief
Compliance and Enforcement Branch
Office of Air Quality
