Re: Stack Test Extension Response Letter  
INTAT Precision, Inc.  
Plant ID 139-00011  
Rushville, Rush County

Dear Mr. Reid:

On March 19, 2020, the Indiana Department of Environmental Management (IDEM), Office of Air Quality (OAQ), received a request for an extension of compliance testing from INTAT Precision, Inc. (INTAT) located at 2148 N. SR 3 in Rushville, Indiana. The Plant 1 Line 2 compliance testing is required to be conducted by the due dates and for the units specified in the table below pursuant to T139-40852-00011, Condition D.2.10.

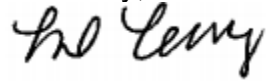

Condition	Unit	Control	Pollutants	Due Date	Extended Date
D.2.1(a)	Melt, Inoculation	DC-3A	PM/PM10	4/22/20	10/19/20
		DC-3B			
	Cooling Casting Conveyors	BH 6200			
	Casting Conveyor Desprue	DC-7		4/23/20	
D.2.10(b)	Pouring Cooling	Mold Vent	CO	4/22/20	
D.2.10(c)	Shakeout	Ignition	VOC		

According to INTAT, the compliance testing cannot be conducted by the designated deadline because of the current situation with the COVID-19 pandemic.

At this time, IDEM cannot approve your request to extend the permitted compliance testing deadline. Testing after the date specified in the permit constitutes a violation. However, if compliance testing is adequately performed by October 19, 2020, no enforcement action will be taken for failing to test before the original deadline stated in your permit.

Please direct any questions to Wyman Clark, Compliance Inspector, at 317-232-8441 or by email at [wclark@idem.in.gov](mailto:wclark@idem.in.gov).

Sincerely,
