Re: Tank Primary Seal Inspection Extension
Response Letter
Enbridge Energy, Limited Partnership -
Hartsdale Terminal
Plant ID: 089-00081
Scherville, Lake County

Dear Mr. Meek:

On April 1, 2020, Enbridge Energy, Limited Partnership - Hartsdale Terminal (Hartsdale Terminal) submitted a request for an extension to the 5-year primary seal inspection for tank 1610 located at Hartsdale Terminal. This extension was requested for permit Condition E.1.2(4) of the permit No. 089-37732-00081.

According to Hartsdale Terminal, the tank primary seal inspection is due in April 2020, but due to the ongoing COVID-19 restrictions within Enbridge Energy, the State of Indiana, and guidance from the Federal government, it has been a challenge to assemble an inspection team to perform the inspection in a timely manner. This is the first primary seal inspection since the tank was constructed back in 2015 and the secondary seal is inspected annually.

IDEM cannot approve your request at this time to extend the permitted primary seal inspection deadline. Inspecting after the date specified in the permit constitutes a violation. However, if the primary seal inspection is adequately performed by September 30, 2020, no enforcement action will be taken for failing to inspect before the original deadline. Enbridge Energy, Limited Partnership - Hartsdale Terminal should conduct the primary seal inspection in accordance with permit Condition E.1.2(4) of the permit No. 089-37732-00081.

Please direct any questions to Sasa Dunovic, Compliance Inspector, at (219) 252-3566 or by email at sdunovic@idem.in.gov.

Sincerely,

Phil Perry, Chief
Compliance and Enforcement Branch
Office of Air Quality
