Re: Stack Test Extension Response Letter
Ryobi Die Casting USA, Inc.
Plant ID 145-00031
Shelbyville, Shelby County

Dear Mr. Lian:

On April 10, 2020, the Indiana Department of Environmental Management (IDEM), Office of Air Quality (OAQ), received a request for an extension of compliance testing on behalf of Ryobi Die Casting USA, Inc. located at 800 W Mausoleum Road in Shelbyville, Indiana. The compliance testing was required to be conducted by April 19, 2020 for one (1) of the six (6) scrubbers associated with the shotblasting lines, pursuant to Permit 145-41585-00031, Condition D.1.5.

According to Ryobi Die Casting USA, Inc., the compliance testing cannot be conducted by the designated deadline because of a shutdown at the facility due to the COVID-19 situation.

At this time, IDEM cannot approve your request to extend the permitted compliance testing deadline. Testing after the date specified in the permit constitutes a violation. However, if compliance testing is adequately performed by October 30, 2020, no enforcement action will be taken for failing to test before the original deadline stated in your permit.

Please direct any questions to Kurt Graham, Compliance Inspector, at (317) 233-6866 or by email at kagraham@idem.in.gov.

Sincerely,

Phil Perry, Chief
Compliance and Enforcement Branch
Office of Air Quality
