Re: 2<sup>nd</sup> Stack Test Extension Response  
Entech Incorporated  
Plant ID 039-00854  
Middlebury, Elkhart County

Dear Mr. Fisher:

On July 2, 2020, the Indiana Department of Environmental Management (IDEM), Office of Air Quality (OAQ), received a request for a 2<sup>nd</sup> extension of compliance testing from Entech Incorporated located at 10440 CR 2 in Bristol, Indiana (Stack Test Extension Response/Violation Letter was issued on June 5, 2020). The compliance testing was required to be conducted by March 29, 2020 for: one(1) of the two(2) tire shredders (EU-01 and EU-02), one(1) of the two(2) chippers (EU-03 and EU-05), one(1) of the eleven(11) granulators (EU-12 through EU-22), one(1) of the seven(7) grinders (EU-23 through EU-29) pursuant to M039-41449-00854, Condition D.1.5.

According to Entech Incorporated, two business days prior to the scheduled setup and testing of the units, AQS (the source's testing firm) notified the source that due to internal policies regarding COVID-19, and the high volume of cases in the Elkhart County Area, they would be unable to test during the week of July 6, 2020. Entech Incorporated requested that the stack test deadline be extended beyond the initial July 27, 2020 extension.

At this time, IDEM cannot approve your request to extend the permitted compliance testing deadline. Testing after the date specified in the permit constitutes a violation. However, if compliance testing is adequately performed by October 25, 2020, no enforcement action will be taken for failing to test before the original deadline stated in your permit.

Please direct any questions to Mr. Paul Karkiewicz, Air Compliance Inspector, at 574-245-4887 or by email at [pkarkiew@idem.IN.gov](mailto:pkarkiew@idem.IN.gov).

Sincerely,

Phil Perry, Chief  
Compliance and Enforcement Branch  
Office of Air Quality
