INSPECTION OBSERVATIONS AND COMMENTS
<ul style="list-style-type: none"> Complaint investigation occurred. No visual emissions or open burning observed during the inspection. A couple small piles of debris, mainly old structural wood, some paper, and other items, was observed at the location. Surveillance was performed prior to entering the facility, no open burning was observed. While driving by a dump truck with soil was observed at the site. When meeting with the source the reason for the visit (complaint of open burning) was explained. The source did state they had burned on occasion in the past but would dispose of properly in the future. The open burning regulation 326-IAC 4-1 was covered, and link given to source to look up and read full version of regulation.
