Received Date: 11/25/2020 9:57 am

Receipt Method: Complaint Form

Incident Description: Multiple times this fall, Mr. Royer has engaged in day-long open burning of leaves. He resides on a lot of 3 or 4 acres that is heavily wooded and there are a lot of leaves. He does not use a burn barrel--he blows or rakes the leaves into a pile and burns them on his lawn. The result is massive quantities of smoke that linger over other homes in the neighborhood, constituting a nuisance. We have had headaches, coughs, and difficulty breathing. Leaf ash often rains down on us and our property. He is doing it right now even though it is currently raining. Yesterday, his open burning resulted in heavy smoke that filled the woods all around for many hours and infiltrated our home causing a bad odor. And he continued burning after sunset.
