Good Morning,

I am following up for the Dollar General in Vienna Indiana concerning the sewage elevator and grinder.

We have been made aware that the entire pump and grinder system is no longer operational. We have ordered a replacement for the system, and we are being told that the unit should arrive on the 28th of June.

We will then contact our vendor, 1 Tom Plumber, to come out and install the system.

The store has been using a PSU system since the 12th of June and will remain using them until the repairs have been completed.

I will update everyone on this email chain when the parts arrive and are fixed or if there is any other issues going forward. Please feel free to reach out with any questions.

Thank you,

Richard Homa II
District Manager 195
502-443-3132

DOLLAR GENERAL
