Please see the attached construction permit approval for **WS – 12668 MT. PISGAH BAPTIST CHURCH**. We are now issuing the final permits via email versus regular mail to get permits to you faster. Please reply to this email notifying us that you did indeed receive it. We are also sending this email as a reminder that you must notify us at least 10 days in advance of construction beginning, pursuant to Condition #1 of the permit. We are accepting notifications for construction via email at [dwpermits@idem.in.gov](mailto:dwpermits@idem.in.gov). The information you are required to provide for compliance with Condition #1 is below. You may satisfy both requests by "replying to all" to this email, stating you did receive the permit and providing the start of construction information below:

1. Permit #;
2. PWSID#
- 3 Location of construction;
4. Description of construction;
5. Construction start date;
6. Anticipated duration of construction; and,

7. Name and Phone # of permittee or permittee's representative who will be present during construction.

Please note that failure to follow this condition or any other condition of the permit shall be grounds for revocation of the permit. If you have any questions on the conditions included in the permit, please contact the permit review engineer listed at the end of the permit.
