Dear Chad Sims and Brandon Thomas:

Attached please find the draft Source Specific Operating Agreement and supporting documents for review. As a courtesy, this draft is being provided to you for an opportunity to review and provide comments prior to the issuance of the permit approval.

The time clock for SSOA permit No.: 003-47871-00538 will be stopped during your review until you either provide comments or indicate that you do not have any comments. Due to permit accountability and IDEM's intention to issue the permit in a timely manner, you are being allotted one week to provide comments in writing. If you have any conflicts or special circumstances that would impede your review process during the time allotted, please notify me directly at the email address or phone number listed below as soon as possible. If you have not responded on or before June 28, 2024, IDEM will assume that you have no comments pertaining to this draft and all files will be forwarded for issuance.

During this review period, I will be available to address your concerns, answer any questions that you may have, or make necessary revisions to this draft.

The following documents are not including in this review but will be included in the final approval:

Attachment A: 326 IAC 8-10 Automobile Refinishing

Attachment B: 40 CFR 63, Subpart HHHHHH

Pursuant to 326 IAC 2-1.1-7, the fee for this permitting action is expected to be \$1,586, which is based on the following:

\$793	SSOA
\$793	Each NESHAP Review: \$793 (Subpart HHHHHH)

Please note: This is not a bill. This represents the anticipated fee and is subject to change if additional review is required or the permit level changes for some reason (e.g. an additional NESHAP review is required). You will receive a final bill from the OAQ Permits Administration and Support Section.

Sincerely,  
Sarah Germann
