BOIL WATER ADVISORY

City of Huntington, Indiana

June 18, 2024

Dear Water Customer:

On Tuesday, June 18, at approximately 9:30 am, Utility maintenance crews will shut down the water main in your area for emergency maintenance work and you will have no water service for approximately 2 hours.

In consultation with the Indiana Department of Environmental Management, it has been determined that water customers in your area should boil their drinking water due to this maintenance work. Note that this advisory is precautionary only, no contaminants or bacteria have been detected in the water system. This Boil Water Advisory is in effect beginning at 9:30 AM, on Tuesday June 18, and ending at 12:00 PM, on Friday June 21, unless notified otherwise.

It is recommended that all cooking and drinking water be brought to a complete boil for five (5) minutes before using. Please continue to boil all cooking and drinking water until Friday afternoon. Water for laundry, bathing and other uses are not affected.

We appreciate your cooperation during this time and will update you as necessary. If you have any questions concerning this Boil Water Advisory, please contact the water billing office at 356-3220.

Nate Goetz
