Complaint Coordinator provided a transcript of the complainant's call

Hi, Dwayne. My name is Jamie Peters. I'm Charles. I get them that were FOL, but nobody's gonna even bother to help us out. I'm just, I'm begging somebody come out here, at least take a look at this mess. My fear is I got some plant trees and stuff coming in to arrange around the house and he's been known to rip up signs and student Guide Dogs head. Then he called the fire bottle rockets and the Debbie sheriff just said you guys get along well that's illegal. You cannot shoot anything over in five. I had to Australian Shepherd School size one got a show coat which is the long and one the blue Mall. She's got thick coat. If they do that again this year, then my dog is. I can't get to him fast enough. I I'm not gonna guarantee I won't lose my mind. So is there anything we can do about this damn oil that's on purpose? Because only one section and it starts for one of my banana plants is and goes downhill to the other one and it's really bad behind my Bush. So I don't know. I know, didn't do anything, but if you can, I pray that you will. You can give me a call back at this number if you wish 8122682630585 I'm sorry, 81226305 and God bless my mind.
