Mr. Brandon Correll  
Salt Creek Services  
320 West 8th Street, Suite 117  
Bloomington, IN 47404

Dear Mr. Correll:

Re: Stage 2 DBPR MCL Violation  
Salt Creek Services  
PWSID #IN5253006

Under the Stage 2 Disinfectants and Disinfection Byproducts (DBP) Rule as per 327 IAC 8-2.5-2(b)(1), a public water system must comply with the maximum contaminant levels (MCLs) as a locational running annual average (LRAA) at each monitoring location. A staff representative of the Office of Water Quality, Drinking Water Branch, has conducted a review of the DBP results for your system and determined that the following violation has occurred.

Contaminant	Sampling Location	Compliance Period	Violation	Corrective Action
Haloacetic Acids (HAA5) (LRAA = 62.5 and 61.7 ug/L, respectively)	THM-1 and HAA-1 (8513 Alma St, 8996 Ella St)	1/1/2024 to 3/31/2024	327 IAC 8-2.5-2(b)(1) LRAA must be less than or equal to the MCL of 60 ug/L, respectively	Public Notice per the attached instructions

Within ten (10) days of receipt of this letter, you must provide a written explanation documenting whatever action you have taken to return to compliance with the aforementioned rule. Please provide this information to:

IDEM OWQ - Drinking Water  
Attn: Peter Poon  
100 N. Senate Avenue  
Indianapolis, IN 46204  
Fax: (317) 234-7444  
Email: ppoon@idem.in.gov

Peter called to get a new address for this system. I have mailed to the correct address.
