Re: Stack Test Extension Addendum
Lehigh Cement Company
Logansport Plant
Plant ID: 017-00005
Logansport, Cass County

Dear Mr. Winch:

Lehigh Cement Company (Lehigh) was scheduled to perform a comprehensive performance retest of Kilns #1 and #2 by May 16, 2020 in order to demonstrate compliance with 40 CFR Part 63 Subpart EEE National Emission Standards for Hazardous Air Pollutants from Hazardous Waste Combustors. On April 13, 2020, Lehigh sent a request for an additional one hundred and twenty (120) days to conduct the retest of Kilns #1 and #2. IDEM responded to Lehigh's request by letter on April 23, 2020 (see attached), in which IDEM did not grant the request for the extension but did grant enforcement discretion provided the required testing would be conducted by September 13, 2020. After further consideration of Lehigh's original request, and in light of the unusual circumstances surrounding the COVID-19 pandemic, IDEM approves Lehigh's request to extend the required testing deadline to September 13, 2020.

If you have any questions regarding this matter, please contact Pat Austin at (317) 234-3491 or via e-mail at paustin@idem.IN.gov. Thank you for your attention to this matter.

Sincerely,

Phil Perry, Chief
Air Compliance and Enforcement Branch
Office of Air Quality
