Notes: Per facility representatives, while there have been positive cases at the facility, none have been reported at the West Side Main environmental building that needs to be accessed during the inspection or among the staff that the inspector needs to be in contact with during the inspection. There have not been any positive covid cases with the environmental group since November 16, 2020 which is over 22 weeks since the last covid case with the environmental group. The West Side Fugitive Dust Inspection can be performed with minimal Cleveland Cliffs Steel employee contact.
