Re: Unmanifested Waste Report

Dear Sir or Madam:

In accordance with 40 CFR 264.76(a) and 329 IAC 3.1-9.1(a), Ecobat Resources Indiana, LLC is, within 15 days of receipt, submitting this notification of unmanifested waste.

- (1) The EPA identification number, name and address of the facility:
 - a. **IND 000 199 653**
Ecobat Resources Indiana, LLC
7870 W. Morris St., Indianapolis, IN 46231
- (2) The date the facility received the waste:
 - a. **6/17/2024**
- (3) The EPA identification number, name and address of the generator and the transporter, if available:

a. <u>Generator</u>	<u>Transporter</u>
EPA ID# n/a	EPA ID# n/a
S Cellular / EW Metals	SNT Cargo Inc
880 River Rd. Morgantown, WV 26501	Address n/a
- (4) A description and the quantity of each unmanifested hazardous waste the facility received:
 - a. **Broken lead-acid battery, approximately 4,000 pounds**
- (5) The method of treatment, storage, or disposal for each hazardous waste:
 - a. **As a secondary lead smelter that recycles lead-acid batteries, the waste was recycled**
- (6) The certification signed by the owner or operator of the facility or his authorized representative:
 - a. **Ecobat Resources Indiana, LLC hereby certifies that the waste received was not accompanied by a hazardous waste manifest and we accepted this hazardous waste for treatment, storage and disposal (i.e. recycling). [signature provided below]**
- (7) A brief explanation of why the waste was unmanifested, if known:
 - a. **Whole unbroken lead-acid batteries do not require manifests for shipping. During transit, at least one battery appears to have broken, rendering it hazardous waste upon our receipt.**

Please contact me at the address below or at john.jones@ecobat.com should you have questions regarding this report.

Respectfully,

John R. Jones
EH&S Compliance Manager
