Provide a detailed written estimate of the closure / post-closure cost adjust for inflation. The inflation factor is derived from the **annual** implicit price deflator (IPD) for gross national product as published by the U.S. Department of Commerce in its Survey of Current Business (Bureau of Economic Analysis (BEA), **Table 1.1.9**. Implicit Price Deflators for Gross Domestic Product).<sup>1</sup> 329 IAC 10-39-2(b-c); 329 IAC 10-39-3(b-c)

(<https://www.bea.gov/help/fag/513>)

**Tip: modify Table 1.1.9 to reflect annual IPDs for the calculation; year-end IPD is generally released late March of each year.**

The cost estimate should state the inflation factor<sup>1</sup>.

[Inflation adjustment may not be necessary if unit is in post-closure and the current financial assurance adequately covers the remaining post-closure care period. Agency approval must be obtained before reducing the amount of coverage.]

Do **not** include a copy of your closure / post-closure plan. IDEM has it on file.

See page 2 if you have an **active** Municipal Solid Waste Landfill (MSWLF).

Provide a signed letter from the Local Government CFO using the IDEM approved form (financial test). The instructions following the CFO signature has been revised to require placement in the facility operating record rather than submittal to IDEM. If the county government can no longer pass the conditions of the financial test, please contact this office.

Email this completed checklist, and the required information detailed above.

---

<sup>1</sup> The inflation factor is the result of dividing the latest published **annual** deflator by the deflator for the previous year:

$IPD\ current\ year \div IPD\ previous\ year = inflation\ factor$  (result is NOT a percentage).

$(Cost\ estimate) \times (Inflation\ Factor) = inflation-adjusted\ cost\ estimate$

You may use the IPD for GNP or GDP if you are consistent from year to year.

## INDEPENDENT AUDITOR'S REPORT

TO: THE OFFICIALS OF BARTHOLOMEW COUNTY, INDIANA

### **Report on the Audit of the Financial Statements**

#### ***Adverse and Unmodified Opinions***

We have audited the accompanying financial statement of Bartholomew County (County), which comprises the financial position and results of operations as of and for the year ended December 31, 2021, and the related notes to the financial statement as listed in the Table of Contents.

#### ***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse and Unmodified Opinions* section of our report, the financial statement referred to above does not present fairly, the financial position and results of operations of the County as of December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

#### ***Opinion on Regulatory Basis of Accounting***

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the respective financial position and results of operations of the County, as of December 31, 2021, in accordance with the financial reporting provisions of the Indiana State Board of Accounts described in Note 1.

#### ***Basis for Adverse and Unmodified Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial auditors contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statement* section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As discussed in Note 1 to the financial statement, the County prepares its financial statement on the prescribed basis of accounting that demonstrates compliance with the reporting requirements established by the Indiana State Board of Accounts as allowed by state statute (IC 5-11-1-6), which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

INDEPENDENT AUDITOR'S REPORT  
(Continued)

***Management's Responsibilities for the Financial Statement***

Management is responsible for the preparation and fair presentation of the financial statement in accordance with the financial reporting provisions of the Indiana State Board of Accounts as allowed by state statute (IC 5-11-1-6). Management is responsible for and has determined that the regulatory basis of accounting, as established by the Indiana State Board of Accounts, is an acceptable basis of presentation. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

***Auditor's Responsibilities for the Audit of the Financial Statement***

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT  
(Continued)

**Required Supplementary Information**

Financial reporting requirements established by the Indiana State Board of Accounts, as described in Note 1, require that the Combining Schedule of Receipts, Disbursements, and Cash and Investment Balances - Regulatory Basis be presented to supplement the basic financial statement. Such information is the responsibility of management and, although not a part of the basic financial statement, is required by reporting requirements established by the Indiana State Board of Accounts who considers it to be an essential part of financial reporting for placing the basic financial statement in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statement, and other knowledge we obtained during our audit of the basic financial statement. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Other Information**

Management is responsible for the other information included in the Annual Financial Report. The other information comprises the Schedule of Leases and Debt, as listed in the Table of Contents, but does not include the basic financial statement and our auditor's report thereon. Our opinions on the basic financial statement does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statement, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statement, or the other information otherwise appears to be materially misstated. If, based on the work performed, we concluded that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated July 28, 2022, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

BARTHOLOMEW COUNTY  
NOTES TO FINANCIAL STATEMENT

**Note 1. Summary of Significant Accounting Policies**

**A. Reporting Entity**

The County was established under the laws of the State of Indiana. The County operates under a Council-Commissioner form of government and provides some or all of the following services: public safety (police), highways and streets, health welfare and social services, culture and recreation, public improvements, planning and zoning, and general administrative services.

The accompanying financial statement presents the financial information for the County.

**B. Basis of Accounting**

The financial statement is reported on a regulatory basis of accounting prescribed by the Indiana State Board of Accounts in accordance with state statute (IC 5-11-1-6), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The basis of accounting involves the reporting of only cash and investments and the changes therein resulting from cash inflows (receipts) and cash outflows (disbursements) reported in the period in which they occurred.

The regulatory basis of accounting differs from accounting principles generally accepted in the United States of America, in that receipts are recognized when received in cash, rather than when earned, and disbursements are recognized when paid, rather than when a liability is incurred.

**C. Cash and Investments**

Investments are stated at cost. Any changes in fair value of the investments are reported as receipts in the year of the sale of the investment.

**D. Receipts**

Receipts are presented in the aggregate on the face of the financial statement. The aggregate receipts include the following sources:

*Taxes.* Amounts received from one or more of the following: property tax, local income tax, wheel tax, innkeeper's tax, food and beverage tax, county economic development income tax, boat and trailer excise tax, county adjusted gross income tax, and other taxes that are set by the County.

*Licenses and permits.* Amounts received from businesses, occupations, or nonbusinesses that must be licensed before doing business within the government's jurisdiction, or permits levied according to the benefits presumably conferred by the permit. Examples of licenses and permits include the following: peddler licenses, animal licenses, auctioneer licenses, building and planning permits, demolition permits, electrical permits, sign permits, and gun permits.

BARTHOLOMEW COUNTY  
NOTES TO FINANCIAL STATEMENT  
(Continued)

*Intergovernmental receipts.* Amounts received from other governments in the form of operating grants, entitlements, or payments in lieu of taxes. Examples of intergovernmental receipts include, but are not limited to, the following: federal grants, state grants, cigarette tax distributions received from the state, motor vehicle highway distributions received from the state, local road and street distributions received from the state, financial institution tax received from the state, auto excise surtax received from the state, commercial vehicle excise tax received from the state, major moves distributions received from the state, and riverboat receipts received from the County.

*Charges for services.* Amounts received for services including, but not limited to, the following: planning commission charges, building department charges, copies of public records, copy machines charges, accident report copies, gun permit applications, 911 telephone services, recycling fees, dog pound fees, emergency medical service fees, park rental fees, swimming pool receipts, cable TV receipts, ordinance violations, fines and fees, bond forfeitures, court costs, and court receipts.

*Fines and forfeits.* Amounts received from fines and penalties imposed for the commission of statutory offenses, violation of lawful administrative rules and regulations (fines), and for the neglect of official duty and monies derived from confiscating deposits held as performance guarantees (forfeitures).

*Other receipts.* Amounts received from various sources, including, but not limited to, the following: net proceeds from borrowings; interfund loan activity; transfers authorized by statute, ordinance, resolution, or court order; internal service receipts; and fiduciary receipts.

**E. Disbursements**

Disbursements are presented in the aggregate on the face of the financial statement. The aggregate disbursements include the following uses:

*Personal services.* Amounts disbursed for salaries, wages, and related employee benefits provided for all persons employed. In those units where sick leave, vacation leave, overtime compensation, and other such benefits are appropriated separately, such payments would also be included.

*Supplies.* Amounts disbursed for articles and commodities that are entirely consumed and materially altered when used and/or show rapid depreciation after use for a short period of time. Examples of supplies include, but are not limited to, the following: office supplies, operating supplies, and repair and maintenance supplies.

*Other services and charges.* Amounts disbursed for services including, but not limited to, the following: professional services, communication and transportation, printing and advertising, insurance, utility services, repairs and maintenance, and rental charges.

*Debt service - principal and interest.* Amounts disbursed for fixed obligations resulting from financial transactions previously entered into by the County. It includes all expenditures for the reduction of the principal and interest of the County's general obligation indebtedness.

*Capital outlay.* Amounts disbursed for land, infrastructure, buildings, improvements, and machinery and equipment having an appreciable and calculable period of usefulness.

BARTHOLOMEW COUNTY  
NOTES TO FINANCIAL STATEMENT  
(Continued)

*Other disbursements.* Amounts disbursed for various other purposes including, but not limited to, the following: interfund loan payments; loans made to other funds; internal service disbursements; and transfers out that are authorized by statute, ordinance, resolution, or court order.

**F. Interfund Transfers**

The County may, from time to time, make transfers from one fund to another. These transfers, if any, are included as a part of the receipts and disbursements of the affected funds and as a part of total receipts and disbursements. The transfers are used for cash flow purposes as provided by various statutory provisions.

**G. Fund Accounting**

Separate funds are established, maintained, and reported by the County. Each fund is used to account for amounts received from and used for specific sources and uses as determined by various regulations. Restrictions on some funds are set by statute while other funds are internally restricted by the County. The amounts accounted for in a specific fund may only be available for use for certain, legally-restricted purposes. Additionally, some funds are used to account for assets held by the County in a trustee capacity as an agent of individuals, private organizations, other funds, or other governmental units, and, therefore, the funds cannot be used for any expenditures of the unit itself.

**Note 2. Budgets**

The operating budget is initially prepared and approved at the local level. The fiscal officer of the County submits a proposed operating budget to the governing board for the following calendar year. The budget is advertised as required by law. Prior to adopting the budget, the governing board conducts public hearings and obtains taxpayer comments. Prior to November 1, the governing board approves the budget for the next year. The budget for funds for which property taxes are levied or highway use taxes are received is subject to final approval by the Indiana Department of Local Government Finance.

**Note 3. Property Taxes**

Property taxes levied are collected by the County Treasurer and are scheduled to be distributed to the County in June and December; however, situations can arise which would delay the distributions. State statute (IC 6-1.1-17-16) requires the Indiana Department of Local Government Finance to establish property tax rates and levies by December 31 of the year preceding the budget year or January 15 of the budget year if the County is issuing debt after December 1 or intends on filing a shortfall appeal. These rates were based upon the assessed valuations adjusted for various tax credits from the preceding year's lien date of January 1. Taxable property is assessed at 100 percent of the true tax value (determined in accordance with rules and regulations adopted by the Indiana Department of Local Government Finance). Taxes may be paid in two equal installments which normally become delinquent if not paid by May 10 and November 10, respectively.

BARTHOLOMEW COUNTY  
NOTES TO FINANCIAL STATEMENT  
(Continued)

**Note 4. Deposits and Investments**

Deposits, made in accordance with state statute (IC 5-13), with financial institutions in the State of Indiana, at year end, should be entirely insured by the Federal Depository Insurance Corporation or by the Indiana Public Deposit Insurance Fund. This includes any deposit accounts issued or offered by a qualifying financial institution.

State statutes authorize the County to invest in securities including, but not limited to, the following: federal government securities, repurchase agreements, and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local governmental units.

**Note 5. Risk Management**

The County may be exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job-related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents; and natural disasters.

These risks can be mitigated through the purchase of insurance, establishment of a self-insurance fund, and/or participation in a risk pool. The purchase of insurance transfers the risk to an independent third-party. The establishment of a self-insurance fund allows the County to set aside money for claim settlements. The self-insurance fund would be included in the financial statement. The purpose of participation in a risk pool is to provide a medium for the funding and administration of the risks.

**Note 6. Pension Plans**

*A. Public Employees' Retirement Fund*

*Plan Description*

The Indiana Public Employees' Retirement Fund Defined Benefit Plan (PERF DB) is a cost-sharing multiple-employer defined benefit plan and provides retirement, disability, and survivor benefits to plan members. PERF DB is administered through the Indiana Public Retirement System (INPRS) Board in accordance with state statutes (IC 5-10.2 and IC 5-10.3) and administrative code (35 IAC 1.2), which govern most requirements of the system and give the County authority to contribute to the plan.

The Public Employees' Hybrid Plan (PERF Hybrid) consists of two components: PERF DB, the employer-funded monthly defined benefit component, and the Public Employees' Hybrid Members Defined Contribution Account, the defined contribution component.

*Financial Report*

INPRS issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. That report may be obtained by contacting:

NOTES TO FINANCIAL STATEMENT  
(Continued)

*Contributions*

Members' contributions are set by state statute at 3 percent of compensation for the defined contribution component of PERF Hybrid. The employer may elect to make the contribution on behalf of the member of the defined contribution component of PERF. Contributions to the PERF DB are determined by INPRS Board based on actuarial valuation.

*B. County Police Retirement Plan*

*Plan Description*

The County Police Retirement Plan is a single-employer defined benefit pension plan. With the approval of the County's fiscal body, the plan is administered by the sheriff's department and an appointed trustee as authorized by state statute (IC 36-8-10-12) for full-time police officers. The plan provides retirement, death, and disability benefits to plan members and beneficiaries. Funds designated for payments related to this plan are accounted for in a pension trust fund. The activity of this trust fund has not been reflected in the financial statement. The trustee issues a publicly available financial report that includes financial statements and required supplementary information of the plan. The report may be obtained by contacting the county sheriff.

*Funding Policy*

The contribution requirements of plan members for the County Police Retirement Plan are established by state statute.

*C. County Police Benefit Plan*

*Plan Description*

The County Police Benefit Plan is a single-employer defined benefit pension plan. With the approval of the County's fiscal body, the plan is administered by the sheriff's department and an appointed trustee as authorized by state statute (IC 36-8-10-12) for full-time police officers. The plan provides dependent pensions, life insurance, and disability benefits to plan members and beneficiaries. Funds designated for payments related to this plan are accounted for in a pension trust fund. The activity of this trust fund has not been reflected in the financial statement. The trustee issues a publicly available financial report that includes financial statements and required supplementary information of the plan. The report may be obtained by contacting the county sheriff.

*Funding Policy*

The contribution requirements of plan members for the County Police Benefit Plan are established by state statute.

**Note 7. Cash Balance Deficits**

The financial statement contains some funds with deficits in cash. This is a result of certain funds being set up for reimbursable grants, for which the reimbursements had not been received by December 31, 2021, or disbursements exceeding receipts due to the underestimation of current requirements. These deficits are to be repaid from future receipts or transfers.

The lessor was organized as a not-for-profit corporation pursuant to state statute for the purpose of financing and constructing or reconstructing facilities for lease to the County. The lessor has been determined to be a related-party of the County. Lease payments during the year 2021 totaled \$1,805,000.

**Note 10. Subsequent Events**

The funds are held in a separate fund. A plan on how the County will use the ARPA funds will be prepared and approved by the Board of County Commissioners.

**Note 11. Other Postemployment Benefits**

The County provides to eligible retirees the following benefits: health, dental, and vision. These benefits pose a liability to the County for this year and in future years. Information regarding the benefits can be obtained by contacting the County.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL  
STATEMENT PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

TO: THE OFFICIALS OF BARTHOLOMEW COUNTY, INDIANA

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statement of Bartholomew County (County), for the year ended December 31, 2021, and the related notes to the financial statement, which collectively comprise the County's financial statement and have issued our report thereon dated July 28, 2022, wherein we noted the County followed accounting practices the Indiana State Board of Accounts prescribes rather than accounting principles generally accepted in the United States of America.

***Report on Internal Control over Financial Reporting***

In planning and performing our audit of the financial statement, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statement will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs as item 2021-001, that we consider to be material weaknesses.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL  
STATEMENT PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*  
(Continued)

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the County's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Findings and Questioned Costs as item 2021-001.

***Bartholomew County's Response to Findings***

*Government Auditing Standards* requires the auditor to perform limited procedures on the County's response to findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The County's response to the findings identified in our audit is described in the accompanying Corrective Action Plan. The County's response was not subjected to the auditing procedures applied in the audit of the financial statement, and, accordingly, we express no opinion on it.

***Purpose of This Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR THE MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

TO: THE OFFICIALS OF BARTHOLOMEW COUNTY, INDIANA

**Report on Compliance for the Major Federal Program**

***Opinion on the Major Federal Program***

We have audited Bartholomew County's (County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on its major federal program for the year ended December 31, 2021. The County's major federal program is identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2021.

**Basis for Opinion on the Major Federal Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR THE MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE  
(Continued)

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually, or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

***Other Matters***

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings and Questioned Costs as item 2021-002. Our opinion on the major federal program is not modified with respect to these matters.

*Government Auditing Standards* requires the auditor to perform limited procedures on the County's response to the noncompliance findings identified in our audit described in the accompanying Schedule of Findings and Questioned Costs. The County's response to the noncompliance findings identified in our audit is described in the accompanying Corrective Action Plan. The County's response was not subjected to the auditing procedures applied in the audit of compliance, and, accordingly, we express no opinion on the response.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR THE MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE  
(Continued)

**Report on Internal Control over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance, and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance, described in the accompanying Schedule of Findings and Questioned costs as item 2021-002, to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* require the auditor to perform limited procedures on the County's response to the internal control over compliance findings identified in our audit described in the accompanying Schedule of Findings and Questioned Costs. The County's response was not subjected to the other auditing procedures applied in the audit of compliance, and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statement of the County, as of and for the year ended December 31, 2021, and the related notes to the financial statement. We issued our report thereon dated July 28, 2022, which contained a dual opinion on the financial statement. An adverse opinion was issued regarding the presentation in accordance with U.S. *Generally Accepted Accounting Principles*, and an unmodified opinion was issued regarding the presentation in accordance with the *Regulatory Basis of Accounting*. Our audit was performed for the purpose of forming an opinion on the financial statement as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. The information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the financial statement as a whole.

BARTHOLOMEW COUNTY  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

**Note 1. Summary of Significant Accounting Policies**

*A. Basis of Presentation*

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal grant activity of the County under programs of the federal government for the year ended December 31, 2021. The information in the SEFA is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the SEFA presents only a select portion of the operations of the County, it is not intended to and does not present the financial position of the County.

*B. Other Significant Accounting Policies*

Expenditures reported on the SEFA are reported on the cash basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement. When federal grants are received on a reimbursement basis, the federal awards are considered expended when the reimbursement is received.

**Note 2. Indirect Cost Rate**

The County has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

**Section II - Financial Statement Findings**

**FINDING 2021-001**

Subject: Preparation of the Schedule of Expenditures of Federal Awards  
Audit Findings: Material Weakness, Noncompliance

*Repeat Finding*

This is a repeat finding from the immediately prior audit report. The prior audit finding number was 2020-003.

*Condition and Context*

The County had not established effective internal controls over the federal award information entered into the Indiana Gateway for Government Units (Gateway) financial reporting system, which was the source of the County's Schedule of Expenditures of Federal Awards (SEFA).

BARTHOLOMEW COUNTY  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
(Continued)

The County failed to properly review the federal grant information prepared and submitted in Gateway. Although one employee prepared and entered the federal award information into Gateway, and another employee reviewed and approved the information entered, the internal control was not effective and did not detect and allow correction of errors prior to submission.

Due to the lack of effective internal controls, the SEFA presented for audit included the following errors:

1. The Coronavirus State and Local Fiscal Recovery Funds program expenditures were understated by \$1,894,293.
2. The Community Crossing grant was included on the SEFA in error, which overstated expenditures by \$924,440.
3. The Child Support Enforcement program expenditures were understated by \$519,263.
4. The COVID-19 - Coronavirus Relief Fund program expenditures were understated by \$341,024.
5. The Highway Planning and Construction program expenditures were understated by \$309,879.
6. Several additional grants had individually immaterial errors that resulted in a misstatement of expenditures in the amount of \$41,106, in total.
7. Other errors included incorrect Assistance Listings Numbers, program names, pass-through entities, and identifying numbers.

Audit adjustments were proposed, accepted by the County, and made to the SEFA presented in this report.

*Criteria*

The Indiana State Board of Accounts (SBOA) is required under Indiana Code 5-11-1-27(e) to define the acceptable minimum level of internal control standards. To provide clarifying guidance, the State Examiner compiled the standards contained in the manual, *Uniform Internal Control Standards for Indiana Political Subdivisions*. All political subdivisions subject to audit by SBOA are expected to adhere to these standards. The standards include adequate control activities. According to this manual:

"Control activities are the actions and tools established through policies and procedures that help to detect, prevent, or reduce the identified risks that interfere with the achievement of objectives. Detection activities are designed to identify unfavorable events in a timely manner whereas prevention activities are designed to deter the occurrence of an unfavorable event. Examples of these activities include reconciliations, authorizations, approval processes, performance reviews, and verification processes.

An integral part of the control activity component is segregation of duties. . . .

There is an expectation of segregation of duties. If compensating controls are necessary, documentation should exist to identify both the areas where segregation of duties are not feasible or practical and the compensating controls implemented to mitigate the risk. . . ."

2 CFR 200.303 states in part:

"The non-Federal entity must:

- (a) Establish and maintain effective internal control . . ."

2 CFR 200.1 states in part:

". . . *Internal controls* for non-Federal entities means:

- (1) Processes designed and implemented by non-Federal entities to provide reasonable assurance regarding the achievement of objectives in the following categories :
  - (i) Effectiveness and efficiency of operations;
  - (ii) Reliability of reporting for internal and external use; . . ."

2 CFR 200.508 states in part:

"The auditee must: . . .

- (b) Prepare appropriate financial statements, including the schedule of expenditures of Federal awards in accordance with § 200.510. . . ."

2 CFR section 200.510(b) states:

"*Schedule of expenditures of Federal awards.* The auditee must also prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with § 200.502. While not required, the auditee may choose to provide information requested by Federal awarding agencies and pass-through entities to make the schedule easier to use. For example, when a Federal program has multiple Federal award years, the auditee may list the amount of Federal awards expended for each Federal award year separately. At a minimum, the schedule must:

- (1) List individual Federal programs by Federal agency. For a cluster of programs, provide the cluster name, list individual Federal programs within the cluster of programs, and provide the applicable Federal agency name. For R&D, total Federal awards expended must be shown either by individual Federal award or by Federal agency and major subdivision within the Federal agency. For example, the National Institutes of Health is a major subdivision in the Department of Health and Human Services.
- (2) For Federal awards received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included.
- (3) Provide total Federal awards expended for each individual Federal program and the Assistance Listings Number or other identifying number when the Assistance Listings information is not available. For a cluster of programs also provide the total for the cluster.
- (4) Include the total amount provided to subrecipients from each Federal program.

BARTHOLOMEW COUNTY  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
(Continued)

- (5) For loan or loan guarantee programs described in § 200.502(b), identify in the notes to the schedule the balances outstanding at the end of the audit period. This is in addition to including the total Federal awards expended for loan or loan guarantee programs in the schedule.
- (6) Include notes that describe that significant accounting policies used in preparing the schedule, and note whether or not the auditee elected to use the 10% de minimis cost rate as covered in § 200.414."

*Cause*

Management had not established a system of internal control that would have ensured proper reporting of the SEFA.

*Effect*

Without a proper system of internal control in place that operated effectively, material misstatements of the SEFA remained undetected. The SEFA contained the errors identified in the *Condition and Context*.

*Views of Responsible Officials*

For the views of responsible officials, refer to the Corrective Action Plan that is part of this report.

**Section III - Federal Award Findings and Questioned Costs**

**FINDING 2021-002**

Subject: Coronavirus State and Local Fiscal Recovery Funds -  
Procurement and Suspension and Debarment  
Federal Agency: Department of the Treasury  
Federal Program: Coronavirus State and Local Fiscal Recovery Funds  
Assistance Listings Number: 21.027  
Federal Award Number and Year (or Other Identifying Number): 2021  
Compliance Requirement: Procurement and Suspension and Debarment  
Audit Findings: Material Weakness, Other Matters

*Condition and Context*

The County had not designed, nor implemented an effective internal control system to ensure compliance with requirements related to the Procurement and Suspension and Debarment compliance requirement.

The County had a documented procurement policy; however, the policy did not reflect applicable State laws and regulations. In addition, the policy did not include procedures to avoid the acquisition of unnecessary or duplicative items, or procedures to ensure that all solicitations incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured.

A verbal agreement between County officials was in place for purchases less than \$1,000; however, this process was not documented. For each of the four micro-purchases of less than \$1,000 selected for testing, no documentation was provided for audit detailing the history of the procurement, including the rationale for the method of procurement, selection of vendor, and the basis for price.

BARTHOLOMEW COUNTY  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
(Continued)

One purchase exceeded the simplified acquisition threshold. The total dollar value of the contract was \$155,000, of which \$25,530 was paid to the vendor for this contract in 2021. The vendor was awarded the contract without full and open competition being utilized. There was no documentation detailing the history of the procurement or the County's justification for limiting competition. Additionally, the County did not verify that the vendor was neither suspended nor debarred, or otherwise excluded or disqualified from participating in federal assistance programs prior to entering into the contract, which exceeded \$25,000.

The lack of internal controls and noncompliance were systemic issues throughout the audit period.

2 CFR 200.303 states in part:

"The Non-Federal entity must:

(a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in 'Standards for Internal Control in the Federal Government' issued by the Comptroller General of the United States or the 'Internal Control Integrated Framework', issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). . . ."

2 CFR 200.318 states in part:

"(a) The non-Federal entity must have and use documented procurement procedures, consistent with State, local, and tribal laws and regulations and the standards of this section, for the acquisition of property or services required under a Federal award or subaward. The non-Federal entity's documented procurement procedures must conform to the procurement standards identified in §§ 200.317 through 200.327. . . ."

***CAPITAL ASSETS***

A similar comment also appeared in prior Reports B53000, B55571, and B57692, entitled *CAPITAL ASSETS*.

*Condition and Context*

The County did not provide a formal capital asset policy, an updated listing of capital assets, and evidence that a capital asset inventory had been completed at least once every two years.

*Criteria*

Every unit must have a capital assets policy that details the threshold at which an item is considered a capital asset. Every unit must have a complete detail listing of all capital assets owned which reflects their acquisition value. Capital Asset Ledger (Form 369) has been prescribed for this purpose. A complete physical inventory must be taken at least every two years, unless more stringent requirements exist, to verify account balances carried in the accounting records.
