**Re: Annual Liquids Addition Reporting; 40 CFR 62, Subpart OOO
Republic Services of Indiana, LP – National Serv-All Landfill
Fort Wayne, Allen County, Indiana
Part 70 Renewal Permit No. T003-44270-00257 (issued January 24, 2022) and
Significant Permit Modification No. T003-46700-00257 (issued August 24, 2023)**

To Whom It May Concern:

The National Serv-all Landfill is regulated under 40 Code of Federal Regulations (CFR) Part 62 Subpart OOO – Federal Plan Requirements for Municipal Solid Waste (MSW) landfills that Commenced Construction, Reconstruction, or Modification on or before July 17, 2014. Pursuant to 40 CFR §62.16724(I), this landfill is subject to 40 CFR Subpart OOO and recirculated leachate within the previous 10 years; therefore, an initial liquids addition report was required to be submitted no later than June 21, 2022. Subsequent annual reports are required for submittal every 365 days thereafter. This report is being sent via this email submittal since relevant reporting forms are not yet available on U.S. Environmental Protection Agency's (EPA's) CEDRI electronic reporting interface.

The National Serv-all Landfill is reporting the following monthly data for the most recent 365 days (June 2023 through May 2024). Only recirculated leachate data is provided as the site does not add liquids based on a Research, Development and Demonstration permit.

Leachate Recirculation (June 1, 2023 to May 31, 2024)	
Volume of Leachate Recirculated:	<u>918,489</u> gallons/year
Reported Basis:	<u>Records</u> (records or engineering estimates)
Surface Area Over which the Leachate is Recirculated/Applied:	<u>25.4</u> acres
Total Waste Disposed of in the Areas with Recirculated Leachate:	<u>1,284,574</u> Mg
Reported Basis:	<u>Engineering estimate</u> (records or engineering estimates)
Annual Waste Acceptance Rates in the areas with recirculated leachate:	<u>689,595</u> Mg/yr
Reported Basis:	<u>Records</u> (records or engineering estimates)

This submittal fulfills the regulatory obligations for annual liquids reporting under Subpart OOO per 40 CFR §62.16724(l). Since this requirement is included in the site's Part 70 permit, a certification by the Responsible Official is attached. Please do not hesitate to contact me at (260) 442-3239 with any questions.

Sincerely,
National Serv-all Landfill

Stephanie Goodman
Environmental Manager
