**Re: Notice of Conclusion of Temporary Operation
Bear Run Mine, Sullivan County, M153-35601-00011**

Dear Mrs. Fellows:

Pursuant to 326 IAC 2-1.1-3(h)(3)(G), Peabody Midwest Mining, LLC (Peabody) is submitting a follow-up report for the limestone crushing operation that was noticed on April 11, 2024.

- 326 IAC 2-1.1-3(h)(3)(G)(i): The temporary operation noticed on April 11, 2024 included adjusting the gate on the side conveyor of the Premiertrak 400X to produce an additional ≤ 2.5 " product. The equipment adjustment was never made, and the equipment was not operated after the conclusion of the previous temporary operation (April 29, 2024).
- 326 IAC 2-1.1-3(h)(3)(G)(ii): The equipment configuration as noticed on April 11, 2024 was never operated prior to shipping the Premiertrak 400X offsite. There are no dates/hours of operation to report.

Dates of Operation	Hours of Operation
NA	NA
Total # of Days = 0	Total # of Hours = 0

- 326 IAC 2-1.1-3(h)(3)(G)(iii): There are no emissions to report.

This concludes the temporary operation noticed by Peabody on April 11, 2024 and acknowledged by IDEM in correspondence dated April 19, 2024. The equipment adjustments and additional product stream were never made prior to shipping the equipment offsite. A modification to M153-00011 was approved on May 15, 2024 to include the Powerscreen limestone crushing equipment. An administrative amendment to replace the Powerscreen equipment with Superior Industries equipment was submitted to IDEM June 14, 2024. Please contact me by phone at 812-922-1048 or by email at krisner@peabodyenergy.com if you have questions.

Sincerely,

Karen Risner
