Comments: Caller said his neighbor at 514 W Darby Dr, Otterbein, IN 47970 brought home a tote. He said the tote leaked 2-3 months ago and caused an area of 10'X80" of grass to die. He called the police at the time who told him it was an herbicide. No thing has been done since that time and he is concerned about this. Sent email to OISC to see if they would check into this.
