Dear Mr. Grove,

I am the permit writer assigned to the current application No. 039-47937-00748 for Keystone RV Company Plant 340. I would like to extend to you my contact information so that we may have continued communication until your new permit is issued. Please keep this information at hand. It is common for questions to arise, and oftentimes, further clarification is needed during the permit review process.

Based on my preliminary review of the application, please verify your SIC code. Currently, IDEM, OAQ has an SIC code of 3711 (Motor Vehicles & Passenger Car Bodies) as the primary code and 3792 (Travel Trailers & Campers) as the second SIC code. Should 3792 be the primary code and 3711 as the secondary code or should 3711 be deleted?

IDEM, OAQ will notify you when a draft permit has been submitted for public notice and/or when a final permit has been issued. As part of the notification, IDEM, OAQ will provide information on how to access the draft and/or final permit electronically on IDEM's website. If Keystone RV Company Plant 340 would prefer to receive paper copies of the entire draft and/or final permit, please let me know prior to the end of the applicant review period. If you prefer to receive paper copies of the entire permit, IDEM, OAQ will mail a paper copy of the draft permit and/or original signed final permit to the source contact. If you do not request to receive paper copies of the entire permit, IDEM, OAQ will only mail a paper copy of the original signed final permit signature page to the source contact.

Please feel free to contact me at any time if you have questions, concerns, or important information regarding your permit. For your convenience, my section chief (Brian Williams) may be contacted at 317-234-5375 or bwilliam@idem.IN.gov.

Thank you in advance for your time and assistance. I look forward to working with you.

Sincerely,

Dear Bruce:

Use SIC 3792 and delete 3711. That must be a hold over from a previous owner.

Kevin,

In reference to the above plant name change in the emission unit description, do you want the description updated to the new plant name , left as is or delete the plant name entirely.

For example:

name	new plant name	Left as is	delete plant
(b)	One (1) woodworking operation located in plant 840/844 or plant 840/844 or plant 840/844 830 , identified as WW-1, constructed in 2010, with a maximum throughput of 120 pounds per hour, controlled by a baghouse, identified as DC-01, and exhausting indoors.		

Thanks.

Bruce:

I just was informed that Plant 840/844 will be redesigned as Plant 340. Plant 845 will remain as Plant 845. Regarding your question, use the new name.
