---

Just got off the phone with Mayor of Oakland City. He apologized for not communicating with us regarding the status of their EB request last year. He said once I sent him the follow up email on 8/24/23, they investigated other options more earnestly and decided to have the material chipped and hauled away by a contractor. Mayor Deffendall stated that we can withdraw his request and using the 8/24/2023 date as the “withdraw” date is accurate.
