**DESCRIPTION OF SOURCE:** This source manufactures car audio equipment and mobile multimedia including, head units, speakers, amplifiers, crossovers, processors, and in-car navigation systems.

**BACKGROUND:** According to a records search, this source has not been previously inspected. A records check showed no complaints or enforcement actions against this source within the past five years.

**PROCESS DESCRIPTION/FINDINGS/OBSERVATIONS:**

I visited the site and this source was out of business. Franciscan St. Francis Health Education and Support Services was now located at this site. I spoke with Mr. Ross and he verified that Alpine was no longer in business at this location. The last correspondence received from this source was in 1991 when the permit application was submitted. I attempted to call the phone number given in the permit application and received a recording that the phone had been disconnected.

**ADDITIONAL COMMENTS:** None

**CONCLUSION(S):** This source is no longer in business at this site.

**RECOMMENDATION(S):** I recommend closing this source in ACES.
