Re: Population Change
PWSID #5242018

Dear Mr. Clark:

The Indiana Department of Environmental Management's Drinking Water Branch (DWB) has been notified that based on the calculation of one thousand two hundred sixty-three (1,263) service connections x 2.5, the population served by your public water system has changed from three thousand three hundred seventy-five (3,375) to three thousand one hundred fifty-eight (3,158). Based on this change, we require you to collect **three (3)** Total Coliform samples **monthly** beginning in **October** of 2016. We also require you to collect **ten (10)** samples for all future Lead and Copper requirements. Your next ten (10) samples are due between June 1 – September 30, 2018. Please submit a revised site sampling plan to IDEM.

Please send or fax all report forms/correspondence to the following:

Indiana Department of Environmental Management
OWQ Drinking Water – Mail Code 66-34
100 North Senate Avenue, Room 1255
Indianapolis, Indiana 46204-2251
(FAX) (317) 234-7436

If you have any further questions regarding the drinking water monitoring requirements for your public water system, please contact your compliance representative, Ms. Stacy Jones, at (317) 234-7454 or your field representative, Ms. Karla Goodman, at (812) 582-0699.

Sincerely,

A handwritten signature in black ink that reads "Mary E. Hollingsworth".

Standardized Monitoring Frameworks

Your sampling requirements have been detailed in the letter. In the past a Standardized Monitoring Framework table was also included as a quick-reference for the information contained in the letter. As sampling requirements change, these tables become inaccurate and can lead to confusion for systems trying to remain in compliance. Our website, Drinking Water Watch, has been enhanced to include all the sampling requirements for your system. These schedules are always up-to-date. Instructions for viewing your sample schedules on Drinking Water Watch are detailed below. *Drinking Water Watch can also be used to see the samples and contact information we have on file for your system.

Getting to Drinking Water Watch

Go to the IDEM webpage (www.in.gov/idem) and click on Safe Drinking Water Information Search on the right side of the page under Online Services.

OR go directly to <https://myweb.in.gov/IDEM/DWW/>

Find Your Public Water System (PWS)

Type your PWSID into the Water System No. field and click on Search for Water Systems.

Click on the Water System No. for your water system.

Viewing Your Sample Schedules

Click on the Sample Schedules link on the left, second from the top.

TCR Schedules (Total Coliform Bacteria) are listed first. It shows the number of samples required as well as the frequency with which they need to be taken.

TCR Schedules

Sample Count	Sample Type	Sample Frequency	Effective Begin Date	Effective End Date	Seasonal Start MM/DD	Seasonal End MM/DD	Analyte Code	Analyte Name
1	RT	QT	10-01-2015		1/1	12/31	3100	COLIFORM (TCR)

Chemical schedules will be listed next – the Group Schedules followed by the Individual Schedules.

Schedules will show the specific time period your samples should be collected. They will show if you have completed the monitoring for the current monitoring period. You can see the next time your samples will be due.

Non-TCR Group Schedules

Water System Facility State Asgn ID	Water System Facility Name	Analyte Group Code	Analyte Group Name	Sample Count	Sample Type	Sample Frequency	Current Monitoring Period Date Range	Next Monitoring Period Date Range
DS001	DISTRIBUTION SYSTEM	PBCU	LEAD AND COPPER	5	RT	3Y	06-01-2018 to 09-30-2018	06-01-2021 to 09-30-2021
SS001	SAMPLING STATION	RINF	REGIOC-NTNC-NO CYAN	1	RT	3Y	Monitoring Completed	01-01-2018 to 12-31-2018
SS001	SAMPLING STATION	RS28	REG SOC-PCBDIOX	1	RT	3Y	01-01-2016 to 12-31-2016	01-01-2019 to 12-31-2019
SS001	SAMPLING STATION	RV21	REG VOC	1	RT	3Y	Monitoring Completed	01-01-2018 to 12-31-2018

Non-TCR Individual Schedules

Water System Facility State Asgn ID	Water System Facility Name	Analyte Code	Analyte Name	Sample Count	Sample Type	Sample Frequency	Current Monitoring Period Date Range	Next Monitoring Period Date Range
DS001	DISTRIBUTION SYSTEM	2456	TOTAL HALOACETIC ACIDS (HAA5)	1	RT	3Y	09-07-2015 to 09-28-2017	09-07-2018 to 09-28-2020
DS001	DISTRIBUTION SYSTEM	2930	THM	1	RT	3Y	09-07-2015 to 09-28-2017	09-07-2018 to 09-28-2020
SS001	SAMPLING STATION	1024	CYANIDE	1	RT	3Y	Monitoring Completed	01-01-2018 to 12-31-2018
SS001	SAMPLING STATION	1040	NITRATE	1	RT	YR	01-01-2016 to 12-31-2016	01-01-2017 to 12-31-2017

Requirements of Lead Consumer Notices and Consumer Confidence Reports are also shown.

Compliance Schedule

Subject: Request for Updated Inventory Information

The Drinking Water Branch is again requesting your input on any inventory changes at your facility.

It is important that we have your system's most current inventory information to assist us in our ongoing efforts to ensure that your drinking water is safe. Please review the information we have on file for you and mark down any changes. If all the information is accurate, please circle "No Changes." Then mail or fax the information back to us at 317/234-7436 as soon as possible.

A pre-addressed stamped return envelope has also been enclosed for your convenience. Please return the forms by **September 30, 2016**.

Please note that the service connection information will also be used to accurately establish your system's annual drinking water fees. **If we do not receive any updates from you, we will assume the information is valid for determining the drinking water fees.** If you have questions about the annual fee, please contact Ms. Carol Guidry at 317/232-8472.

Thank you for your assistance and cooperation with this matter. If you have any questions regarding your inventory information please contact Ms. Casey Davidson at 317/234-7443.

*****Please note: The Drinking Water Branch is using an automated notification system. This system is primarily used to provide sampling reminders. It may also be used for polling and to deliver important information. Please take the time to listen to these messages as they are very important. These messages are sent to the person listed as the SA (Sampling Reminder Contact). Messages can be sent by email, phone, or text. Texting is a new feature, and if you would like to receive messages this way, please fill in a phone number on the texting field in the SA Contact section on the next page.***

The following information is what the Drinking Water Branch currently has on file for your system and can be viewed at any time from our website <https://myweb.in.gov/IDEM/DWW/>:
