Re: Public Water System Inactivation
PWSID #2440876

Dear Mr. Eiseman:

The Indiana Department of Environmental Management's Drinking Water Branch has received information indicating your facility no longer meets the population requirements of a public water system. Consequently, as of September 20, 2016, your public water system has been inactivated and is no longer required to comply with the federal and state drinking water testing requirements. **Please notify our office of any status changes regarding your facility.** Your facility information will remain in our files for future reference, if necessary.

Please send or fax all report forms/correspondence to the following:

Indiana Department of Environmental Management
OWQ Drinking Water Compliance – Mail Code 66-34
100 North Senate Avenue, Room 1255
Indianapolis, Indiana 46204-2251
(FAX) (317) 234-7436

If you have any further questions regarding your system's inactivation, please contact Ms. Sara Pierson at (317) 234-7452, or your field inspector, Ms. Christine Stinson, at (574) 274-2778.

Sincerely,

A handwritten signature in black ink that reads "Mary E. Hollingsworth".

Mary E. Hollingsworth, Branch Chief

Greetings Ms. Stinson,

Please accept the attached letter as official notification of the Travel Plaza 7 South Water Treatment Plant facility designated IN 2440876 has fallen below the 25 population served and is planned for demolition in the near future after the main Travel Plaza buildings.

Please be so kind as to send a quick acknowledgement of receiving the notification letter? If there is anything else needed beside the letter please let operator Peter Rousculp or me know?

Thank You For Your Time,

REF: Deregulation of WTP 7 South PWS 2440876

Dear Ms. Stinson,

This letter is a request for deregulation of ITRCC Public Water Supply # 2440876 due to reduction of population to below 25 users served and no distribution.

The ITR Concession Company LLC is making improvements across the Indiana Toll Road and has completed closure of Travel Plaza 7 North and 7 South which were served by PWS 2440876.

No facilities for patrons will remain at these locations near Milepost 125.9 EB and 125.9 WB. The buildings are in the process for demolition.

If the deregulation is approved, Mr. Peter Rousculp DS070341 // WT070339 will no longer need to be listed as the Drinking Water certified Operator-In-Responsible-Charge for this site. Please let me know if any further information is required for this request.

Thank You for Your Assistance,

A handwritten signature in black ink that reads 'Raymond E. Eiseman'.
