Re: Public Water System Inactivation
PWSID #2920843

Dear Mr. Coyle:

The Indiana Department of Environmental Management's Drinking Water Branch has received information indicating your facility no longer meets the population requirements of a public water system. Consequently, as of September 27, 2016, your public water system has been inactivated and is no longer required to comply with the federal and state drinking water testing requirements. **Please notify our office of any status changes regarding your facility.** Your facility information will remain in our files for future reference, if necessary.

Please send or fax all report forms/correspondence to the following:

Indiana Department of Environmental Management
OWQ Drinking Water Compliance – Mail Code 66-34
100 North Senate Avenue, Room 1255
Indianapolis, Indiana 46204-2251
(FAX) (317) 234-7436

If you have any further questions regarding your system's inactivation, please contact Ms. Sara Pierson at (317) 234-7452, or your field inspector, Mr. Rob McLaughlin, at (317) 617-9350.

Sincerely,

A handwritten signature in black ink that reads "Mary E. Hollingsworth".

Subject: RE: 2920843 Coupled Products - pop/inact?

I did their survey at the beginning of the year and they were basically on the way out of business. I believe the population provided is accurate and we should inactivate. RM

Subject: 2920843 Coupled Products - pop/inact?

On their inventory update, they marked a pop change from 100 to 12 nontransients. Please confirm and let me know whether or not I should inactivate.

Thanks!
Sara
