Subject: Pappas Cleaners- VI Mitigation Report Extension Request #0000407 (ECC Horizon Project I-1550T)

**** This is an EXTERNAL email. Exercise caution. DO NOT open attachments or click links from unknown senders or unexpected email. ****

Dawn,

Good afternoon,

Please be advised that ECC Horizon has been retained by Pappas Cleaners, Inc. as its environmental consultant for work going forward on the above referenced project. Please include ECC Horizon on all future correspondence. We have reviewed IDEM's *Comment Letter*, dated 11/29/16, for the referenced site and ECC Horizon respectfully requests a time extension for submittal of the *Vapor Intrusion Mitigation Report*, which is due to IDEM by December 13, 2016. We would like a three week time extension for this report with a proposed due date of January 3, 2017. We are currently finalizing a Site access agreement with the property Owner and plan on evaluating and modifying the sub-slab depressurization system in an effort to reduce indoor air vapor concerns. We will also be collecting post-mitigation vapor samples consisting of paired indoor air/sub-slab vapor samples as well as outdoor air samples for the Site. ECC Horizon anticipates the submittal of the requested *FSI Work Plan Addendum* by December 30, 2016.

If you have any questions or require additional information, please contact this office.

Thanks,

John

John T. Morris, LPG
Senior Project Manager
