INSPECTION OBSERVATIONS AND COMMENTS
<p>I surveyed the site on Nov 16, 2020. That day, the wind was from the S/SW, averaging 10 mph and it was sunny and warm with a high temperature of 54 degrees.</p> <p>Just southeast of the surveyed farmland is a small hill with three or four homes.</p> <p>During my survey, I found no dust created or moving across borders. The farmland had been harvested by the time I arrived on Nov 16th. I believe the complaint was regarding the harvesting of the surrounding crops.</p> <p>This is a farm, I saw no egregious fugitive dust, and the complainant was anonymous, I request that this complaint be closed.</p>
