Dear Interested Parties:

Re: Commissioner's Order
Civil Penalty Invoice
Indyre LLC
Case No. 2021-28051-U
FID No. 12066
Paoli, Orange County

IDEM completed a review of the February 8, 2022 effective Commissioner's Order, and has determined that the civil penalty has not been paid, as required per Order Paragraph 14:

Pursuant to IC 13-30-4-1, Respondent shall pay a civil penalty of Forty-Two Thousand Five Hundred Dollars (\$42,500). Said penalty amount shall be due and payable to the "Underground Petroleum Storage Tank Trust Fund" within thirty (30) days of the Effective Date; the thirtieth being the "Due Date."

A copy of the Commissioner's Order and an Invoice are attached. Payment options are as follows:

Mail:

Civil penalties are payable by check to the "Environmental Management Special Fund" [or "Underground Petroleum Storage Tank Trust Fund"]. Checks shall include the Case Number of this action and shall be mailed to:

Indiana Department of Environmental Management
Accounts Receivable
IGCN, Room 1340
100 North Senate Avenue
Indianapolis, IN 46204

Online:

Accounts Receivable is accepting payments online by e-Check, Master Card, Visa or Discover. Please visit www.IN.gov/IDEM. Under Online Services, click Online Payment options and follow the prompts. A processing fee of \$1 plus 1.99% will be charged for credit card

payments. A processing fee of \$1.00 will be charged for eCheck payments. The Case Number is required to complete the process.

Phone:

You may also call us at 317-234-3099 and follow the instructions for Master Card, Visa or Discover payments. A processing fee of \$1 plus 1.99% will be charged for credit card payments. A processing fee of \$1.00 will be charged for eCheck payments. The Case Number is required to complete the process.

Failure to pay the civil penalty as required by the effective Commissioner's Order may result in the case being referred to collections and/or the Attorney General's Office for resolution. If you would like to discuss the Commissioner's Order in more detail, please contact Jennifer Reno as soon as possible at (317) 232-7207 or via email at jreno@idem.IN.gov.

Thank you for your cooperation in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Jennifer Reno".

Dear Interested Parties:

Re: Notice and Order of the Commissioner
Effective Date
Commissioner of IDEM
v.
Indyre LLC
Case No. 2021-28051-U
FID No. 12066
Paoli, Orange County

IDEM issued a Notice and Order of the Commissioner to Indyre LLC on December 28, 2021. The Order provided 19 days from receipt to file an objection to the findings of fact and proposed terms of the Notice and Order, after which the Notice and Order would become effective and enforceable. IDEM did not receive a request for an administrative review of this matter; therefore, the Notice and Order of the Commissioner became effective and enforceable on February 8, 2022. As a result, you are required to comply with the terms of the enclosed Notice and Order.

If you have any questions, please contact Lillian Treon Gant, Enforcement Case Manager, at (317) 234-8243 or via email at LTreon@idem.IN.gov, or Julie Lang, Attorney, at (317) 233-0406 or via email at JLang@idem.IN.gov. Thank you for your cooperation in this matter.

Sincerely,

Jennifer Reno, Section Chief

Indyre LLC
17962 Foxborough Lane
Boca Raton, FL 33496

This Notice and Order of the Commissioner of the Department of Environmental Management ("Order") is issued against Respondent for violation of Indiana environmental statutes and rules. This Order is issued pursuant to Indiana Code ("IC") 13-30-3-4, IC 13-30-3-10, and IC 13-30-3-11, and is based on violations found during an investigation conducted by the Office of Land Quality on May 17, 2021.

FINDING OF VIOLATION

1. Respondent is Indyre LLC ("Respondent"), which owns the facility with Facility ID No. 12066, located at 201 W Main Street in Paoli, Orange County, Indiana ("Site").
2. Respondent owns the inactive gas station "Paoli Dairyland." The site has two (2) active USTs and two (2) that were closed in place in 2018. One is a ten thousand (10,000) gallon gasoline tank and the other three are two thousand (2,000) gallon gasoline tanks. The active USTs are steel-lined and were installed in 1977. The liners were installed in June 1993. The site has an active LUST (No. 201002515). The last documented liner

inspection completed in May 2010 showed that two (2) of the two thousand (2,000) gallon USTs failed, resulting in their 2018 closure in place. Respondent failed to respond to IDEM's Notice of Deficiency dated September 21, 2018 for closure, therefore closure for two (2) USTs is incomplete.

3. Pursuant to Indiana Code ("IC") 13-23-12-1, each year the owner of an underground storage tank that has not been closed before January 1 of any year under rules adopted under IC 13-23-1-2; or a requirement imposed by the commissioner before the adoption of rules under IC 13-23-1-2; shall pay to the department of state revenue an annual registration fee. The annual registration fee required by this section is ninety dollars (\$90) for each underground petroleum storage tank; or two hundred forty-five dollars (\$245) for each underground storage tank containing regulated substances other than petroleum. If an underground storage tank consists of a single tank in which there are separate compartments, a separate fee shall be paid under subsection (b) for each compartment within the single tank. If an underground storage tank consists of a combination of tanks, a separate fee shall be paid under subsection (b) for each compartment within each tank in the combination of tanks.

As noted during the records review and subsequent inspection, annual registration fees have not been paid since 2015.

4. Pursuant to 329 Indiana Administrative Code ("IAC") 9-2-2(c), an owner required to submit a notification under this section shall provide:
 1. a notification for each UST owned;
 2. complete information required on the form for each UST owned; and
 3. if applicable, a separate notification form for each separate place of operation at which the USTs are located.

As noted during the records review and subsequent inspection, Respondent failed to submit a complete and accurate Notification Form with required attachments. Specifically, Respondent failed to submit an updated Notification Form indicating correct ownership information.

5. Pursuant to 40 Code of Federal Regulations ("CFR") 280.34, owners and operators of UST systems must cooperate fully with inspections, monitoring, and testing conducted by the implementing agency, as well as requests for documentation submission, testing, and monitoring by the owner or operator pursuant to section 9005 of Subtitle 1 of the Solid Waste Disposal Act, as amended.

As noted during the records review and subsequent inspection, Respondent did not respond to IDEM's Records Request Letter dated March 25, 2021.

6. Pursuant to 329 IAC 9-6-2.5(d), the permanent closure or change-in-service is not considered complete until all permanent closure or change-in-service requirements and site assessment requirements are met.

As noted during the records review and subsequent inspection, complete documentation as required regarding closure of two (2) 2,000-gallon gasoline USTs on-site has not yet

been provided. Specifically, no response to the September 21, 2018 Notice of Deficiency for closure has yet been submitted.

7. Pursuant to 329 IAC 9-8-4(a), an owner or operator of a petroleum underground storage tank shall demonstrate financial responsibility for taking corrective action and for compensating third parties for bodily injury and property damage caused by accidental releases arising from the operation of a petroleum underground storage tank in a per occurrence amount of at least one million dollars (\$1,000,000).

As noted during the records review and subsequent inspection, Respondent failed to demonstrate a current Financial Responsibility mechanism.

8. Pursuant to 40 CFR 280.20(c)(1)(i), to prevent spilling and overfilling associated with product transfer to the UST system, owners and operators must use the following spill and overfill prevention equipment:
(i) spill prevention equipment that will prevent release of product to the environment when the transfer hose is detached from the fill pipe (for example, a spill catchment basin).

As noted during the inspection, both spill buckets appeared to have securing bands that were not secure and the buckets would not function as designed in a spill or overfill event.

9. Pursuant to 40 CFR 280.21(b)(1)(ii), within 10 years after lining, and every 5 years thereafter, the lined tank is internally inspected and found to be structurally sound with the lining still performing in accordance with original design specifications. If the internal lining is no longer performing in accordance with original design specifications and cannot be repaired in accordance with a code of practice developed by a nationally recognized association or independent testing laboratory, then the lined tank must be permanently closed in accordance with 329 IAC 9-6.

As noted during the records review and subsequent inspection, Respondent failed to inspect the internal tank liner as required.

10. Pursuant to 40 CFR 280.31(b), all UST systems equipped with cathodic protection systems must be inspected for proper operation by a qualified cathodic protection tester in accordance with the following requirements:
 1. Frequency. All cathodic protection systems must be tested within 6 months of installation and at least every 3 years thereafter or according to another reasonable time frame established by the implementing agency; and
 2. Inspection criteria. The criteria that are used to determine that cathodic protection is adequate as required by this section must be in accordance with a code of practice developed by a nationally recognized association.

As noted during the inspection, a corrosion protection test for the metal components of the piping in contact with the soil was not provided.

11. Pursuant to 40 CFR 280.41(a)(1), considering previous Indiana rule at 329 IAC 9-3-1.3 (repealed 2018), tanks installed on or before September 2, 2009 must be monitored for releases at least every 30 days using one of the methods listed in 40 CFR 280.43(d) through (i).

As noted during the records review and subsequent inspection, Respondent failed to provide twelve (12) months of release detection records for the USTs

12. Pursuant to 40 CFR 280.41(b)(1)(i)(B), considering previous Indiana rules at 329 IAC 9-2-1(2)(D) and 329 IAC 9-3-1.3 (both repealed 2018), pressurized underground piping installed on or before September 2, 2009 that routinely contains regulated substances must have an annual line tightness test conducted in accordance with § 280.44(b) or have monthly monitoring conducted in accordance with § 280.44(c).

As noted during the records review and subsequent inspection, Respondent failed to have piping, containing a regulated amount of product, tightness tested, and no monthly monitoring records have been provided.

13. Pursuant to 40 CFR 280.41(b)(1)(i)(A), considering previous Indiana rules at 329 IAC 9-2-1(2)(D) and 329 IAC 9-3-1.3 (both repealed 2018), pressurized underground piping installed on or before September 2, 2009 that routinely contains regulated substances must be equipped with an automatic line leak detector conducted in accordance with § 280.44(a).

As noted during the records review and subsequent inspection, Respondent failed to provide appropriate leak detection testing records for pressurized piping containing a regulated substance.

14. Pursuant to IC 13-30-3-3, on October 1, 2021, the Indiana Department of Environmental Management (“IDEM”) issued a Notice of Violation to Respondent for violation of statutes and rules. Respondent received this Notice of Violation on October 4, 2021.
15. Pursuant to IC 13-30-3-3, the Notice of Violation contained an offer to enter into an Agreed Order providing for the actions required to correct the violations and, if appropriate, the payment of a civil penalty.
16. Pursuant to IC 13-30-3-3, more than sixty (60) days have elapsed since Respondent was offered the opportunity to enter into an Agreed Order.
17. Respondent has not entered into an Agreed Order resolving the violations.

ORDER

1. Respondent shall immediately cease and desist violation of statutes and rules.
2. Within thirty (30) days of the Effective Date, Respondent shall pay all past due fees as required and send payment to:

Indiana Department of Environmental Management
P.O. Box 295
Indianapolis, Indiana 46206-3295

3. Within thirty (30) days of the Effective Date, Respondent shall comply with 329 IAC 9-2-2(c). Specifically, Respondent shall download and submit "*Notification Form for Underground Storage Tanks*," State Form 45223 from IDEM webpage: <https://www.in.gov/idem/5157.htm>, under "Underground Storage Tank (UST) Program." Once downloaded the form may be completed on-line or by hand and emailed to USTRegistration@idem.in.gov. The completed form will not be accepted by mail.
4. Immediately upon the Effective Date, Respondent shall cooperate fully with inspections, monitoring and testing conducted by the implementing agency, as well as requests for document submission, testing, and monitoring by the owner or operator pursuant to section 9005 of Subtitle I of the Solid Waste Disposal Act, as amended to IDEM.
5. Within thirty (30) days of the Effective Date, Respondent shall submit complete documentation regarding closure of two (2) 2,000-gallon gasoline USTs on-site.
6. Within thirty (30) days of the Effective Date, Respondent shall submit documentation of financial responsibility to IDEM.
7. Within thirty (30) days of the Effective Date, Respondent shall contract with a certified contractor to install or replace absent or substandard spill prevention equipment that will prevent the release of product to the environment. Respondent shall submit proof that the spill prevention equipment had been installed or replaced within forty-five (45) days of the Effective Date.
8. Within thirty (30) days of the Effective Date, Respondent shall contract with a certified contractor to assess the liners and tanks to ensure the liner is still performing in accordance with original design specifications. Respondent shall submit the results of the assessment within forty-five (45) days of the Effective Date. If the tanks and/or liners fail the assessment and the liners cannot be repaired in accordance with a recommended practice allowed under the rule, Respondent shall permanently close the affected UST systems in accordance with 329 IAC 9-6 within sixty (60) days of the Effective Date and shall thereafter perform any necessary corrective action as required by 329 IAC 9-5.
9. Within fifteen (15) days of the Effective Date, Respondent shall submit the required documents or have their UST systems fully inspected by a qualified cathodic protection tester. Respondent shall submit the results within thirty (30) days of the Effective Date.
10. Within thirty (30) days of the Effective Date, Respondent shall have any UST or line that contains a regulated amount of product and found not to have been monitored every thirty (30) days tightness tested and submit the results within forty-five (45) days of the Effective Date. Respondent shall continue to perform proper monthly release detection and submit the results monthly for a period of six (6) months after the Effective Date.

11. Within thirty (30) days of the Effective Date, Respondent shall have any piping that contains a regulated amount of product and found to not have had appropriate monthly monitoring or an annual line tightness test within the 12 months prior to inspection tightness tested and submit the results within forty-five (45) days of the Effective Date.
12. Within thirty (30) days of the Effective Date, Respondent shall have any piping that contains a regulated amount of product and found not to have had its automatic leak detector tested within the 12 months prior to inspection tightness tested and submit the results within forty-five (45) days of the Effective Date.
13. All submittals required by this Order, unless IDEM notifies the Respondent otherwise in writing, shall be sent to:

Lillian Treon Gant, Enforcement Case Manager
Office of Land Quality
Indiana Department of Environmental Management
100 North Senate Avenue
Indianapolis, Indiana 46204-2251

14. Pursuant to IC 13-30-4-1, Respondent shall pay a civil penalty of Forty-Two Thousand Five Dollars (\$42,500). Said penalty amount shall be due and payable to the "Underground Petroleum Storage Tank Trust Fund" within thirty (30) days of the Effective Date; the thirtieth day being the "Due Date."
15. Civil penalties are payable by check to the "Underground Petroleum Storage Tank Trust Fund." Checks shall include the Case Number of this action and shall be mailed to:

Indiana Department of Environmental Management
Accounts Receivable
IGCN, Room 1340
100 North Senate Avenue
Indianapolis, Indiana 46204

16. In the event that the monies due to IDEM pursuant to this Order are not paid on or before their Due Date, Respondent shall pay interest on the unpaid balance at the rate established by IC 24-4.6-1. The interest shall be computed as having accrued from the Due Date until the date that Respondent pays any unpaid balance. Such interest shall be payable to the Underground Petroleum Storage Tank Trust Fund and shall be payable to IDEM in the manner specified in Paragraph 15, above.
17. This Order shall apply to and be binding upon Respondent and all successors and assigns. Respondent shall provide a copy of this Order, if in force, to any subsequent owners, successors, or assigns before ownership rights are transferred.
18. No change in ownership, corporate, or partnership status of Respondent shall in any way alter the Respondent's status or responsibilities under this Order.

19. Respondent shall ensure that all contractors, firms, and other persons performing work under this Order comply with the terms of this Order.
20. In the event that any terms of this Order are found to be invalid, the remaining terms shall remain in full force and effect and shall be construed and enforced as if this Order did not contain the invalid terms.
21. Pursuant to IC 13-30-3-5, this Order shall take effect ("Effective Date") twenty (20) days after receipt unless before the twentieth day after receipt Respondent requests administrative review of the Order under IC 13-30-3-5, as described in the following section of this Order.

NOTICE OF RIGHT TO ADMINISTRATIVE REVIEW

If you wish to challenge this Order, you must file a Petition for Administrative Review with the Office of Environmental Adjudication ("OEA") and serve a copy of the petition upon IDEM. The requirements for filing a Petition for Administrative Review are found in IC 4-21.5-3-7, IC 13-30-3-5, and 315 IAC 1-3-2. A summary of the requirements of these laws is provided below.

A Petition for Administrative Review must be filed with the OEA before the twentieth day after receipt of this notice, and a copy must be served upon IDEM and all persons to whom the order is directed. Addresses for OEA and IDEM are:

Director
Office of Environmental Adjudication
Indiana Government Center North
Room N103
100 North Senate Avenue
Indianapolis, Indiana 46204

Commissioner
Indiana Department of Environmental Management
Indiana Government Center North
Room 1301
100 North Senate Avenue
Indianapolis, Indiana 46204

The petition must contain the following information:

1. The name, address, and telephone number of each petitioner.
2. An identification of each petitioner's interest in the subject of the petition.
3. A statement of facts demonstrating that each petitioner is:
 - a. a person to whom the order is directed;
 - b. aggrieved or adversely affected by the determination; or
 - c. entitled to administrative review under any law.
4. The reasons for the request for administrative review.
5. The particular legal issues proposed for review.
6. The facts, terms, or conditions of the action for which the petitioner requests review.
7. The identity of any persons represented by the petitioner.
8. The identity of the person against whom administrative review is sought.
9. A copy of the action that is the basis of the petition.
10. A statement identifying petitioner's attorney or other representative, if any.

Failure to meet the requirements of the law with respect to a Petition for Administrative Review may result in a waiver of your right to seek administrative review of the Order. Examples are:

1. Failure to file a Petition by the applicable deadline;
2. Failure to serve a copy of the Petition upon IDEM when it is filed; or
3. Failure to include the information required by law.

Pursuant to 315 IAC 1-3-2.1, a stay applies automatically to the Order upon the filing of a timely petition for review.

Pursuant to IC 4-21.5-3-17, OEA will provide all parties with notice of any pre-hearing conferences, preliminary hearings, hearings, stays, or orders disposing of the review of this action. If you are entitled to notice under IC 4-21.5-3-5(b) and would like to obtain notices of any pre-hearing conferences, preliminary hearings, hearings, stays, or orders disposing of the review of this action without intervening in the proceeding you must submit a written request to OEA at the address above.

More information on the review process is available at the OEA website at <http://www.in.gov/oea> and the IDEM website at <https://www.in.gov/idem/legal/2329.htm>.

Dated at Indianapolis, Indiana this 12 day of January, 20 22
