6229 Allisonville Road

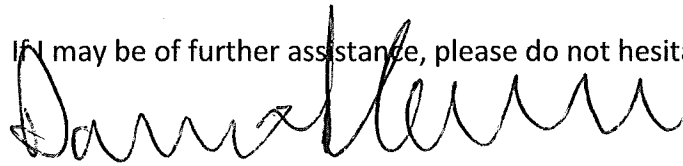

Indianapolis, IN

I purchased the assets of Carriage Cleaners, December 1, 1994 from Thomas Eddingfield. He was the previous operator for many years.

At the time of purchase there was no dry cleaning activity at this location. It functioned as a drop off location. It was my understanding, it had only served as a drop off location for many years.

At no time during my ownership was any hazardous waste produced, handled, or used on this premises. All dry cleaning was transported to our central plant for cleaning and finishing.

If I may be of further assistance, please do not hesitate to let me know!

A handwritten signature in black ink, appearing to read "Donald Anderson", written over the typed name.
