Re: No Further Action
Case No. 2020-26985-A
Raybestos Powertrain, LLC
Plant I.D. No.: 153-00015
Sullivan, Sullivan County

Dear Brent Bell:

On April 15, 2020, the Indiana Department of Environmental Management (IDEM) issued an Enforcement Action Letter (EAL) to Raybestos Powertrain, LLC in response to the reported unpermitted construction and operation of two (2) auto groover units.

Upon further review, IDEM, OAQ has determined that the two (2) auto groover units were pressers, and therefore insignificant units. As a result, IDEM, OAQ will not proceed with legal action.

It is your responsibility to ensure that any permit application you submit is complete and accurate, including all potential emissions of regulated pollutants.

If you have any questions concerning this matter, please contact Lisa Ward, Case Manager, at (317) 232-8412 or e-mail at LHayhurs@idem.in.gov.

Thank you for your cooperation.

Sincerely,

David P. McIver, Chief
Compliance and Enforcement Section
Office of Air Quality
