RE: Geneva Township Regional Waste
District - Cause No. b-313

Dear Mr. Hert:

Enclosed are the original and two copies of a Petition to Exclude Territory from the above Regional Waste District. Please advise me as to what the requirements of the Stream Pollution Control Board will be to have the geographical area described in the Petition excluded from the Regional Waste District.

Very truly yours,

Draft

IN THE MATTER OF THE)
GENEVA TOWNSHIP REGIONAL)
WASTE DISTRICT)

RECEIVED
SEP 11 1975
STATE BOARD OF HEALTH
OFFICE OF THE HEARING COMMISSIONER

PETITION FOR ORGANIZATION OF A REGIONAL WASTE DISTRICT

The Township Trustee of Geneva Township, Jennings County, Indiana, and the Township Trustee of Center Township, Jennings County, Indiana, having been authorized by their respective Advisory Boards hereby petition the Stream Pollution Control Board of the State of Indiana for an order establishing a regional sewage district in said county and in support hereof allege and say as follows:

1. That said regional sewage district shall be known as "The Geneva Township Regional Waste District".

2. That the principal office of said district shall be located at Trustee Office RR 1 Scipio, Indiana.

3. At the present time, there are no sewage facilities in the proposed district and waste disposal is by the use of septic tanks and field dispersal systems. The population of the district is growing rapidly as a middle income, residential area between Columbus, Indiana, and North Vernon, Indiana. Due to many factors, including the highwater table and the high clay content of the soils, the area is unsuitable for field absorption of septic tank effluent and is unsuitable to handle the increasing density of population as this area grows with new developments. Much of this effluent is finding its way back into the waters and exposed ground surfaces, either directly or indirectly, and at the present time, there is no outstanding public indebtedness in the area of the proposed district for any sewage facilities.

4. A general description of the area to be contained is all of Geneva Township and Section 29 of Center Township, Jennings County, Indiana.

5. Petitioners recommend that Five (5) Trustees be selected to constitute the governing body of the district. Petitioners further recommend that two (2) of said Trustees be appointed by the Geneva Township Trustee, one (1) of said trustees be appointed by the Jennings County Commissioners, and that the other two (2) be elected at large by the voters in the district being served. Initially, the petitioners recommend that the two (2) elected representatives be appointed by the three (3) District Trustees selected by the Geneva Township Trustee and Jennings County Commissioners. Specifically, petitioners would recommend the following initial terms which would take effect December 1, 1975, with members of the Board of Trustees appointed by the Geneva Township Trustee and Jennings County Commissioners:

a. Geneva Township Trustee appointee-one year term and four year term.
b. Jennings County Commissioners appointee- three year term.
c. District Trustee appointee- two year term.
d. District Trustee appointee- one year term.

Said terms are to expire on November 30 of the year as provided by the organizational order or until a successor is named and qualified. Once the initial terms have expired, all terms will be for four (4) years.

6. That petitioners propose that until receipt of revenues from the operation of said district or proceeds from the sale of revenue bonds are available, that the district will be operated and the necessary expenses incurred for legal, engineering, and administrative expenses incurred in the forming and organization of this district will be paid through connection fees and grants received from Federal or State sources and from the operation of the district or from the proceeds of the sale of revenue bonds.

7. That the development of the sewer and treatment plants in said district will, as currently anticipated, occur in phases with the first and final objective being to have the sewage lines and treatment plant as shown on the map accompanying this petition.

The estimated cost of the project in its final form is $2,100,000. Charges for connection fees and the usage of the sewer will vary depending upon the construction costs and pro-rating of costs to the particular areas involved. However, a connection fee is estimated to be $200 for a single family dwelling and an average user rate of $7.84 per month for full time use.

Cost of operation, reserve, and debt service of facilities is estimated at $42,539 per year.

Financing to accomplish the purpose of the district is calculated to come from the following sources:

Inelgible grant costs	$ 105,000.00	
Eligible grant costs	1,995,000.00	
TOTAL costs		$2,100,000.00
E. P. A. Grant (75%)	$1,496,250.00	
State Grant (10%)	199,500.00	
Connection fees	90,400.00	
Bond (or loan)	313,850.00	
TOTAL funds		$2,100,000.00

8. At any time after the creation of the district, any political subdivision whose territory is not wholly included within the district, may file an application with the district setting forth a general description of the territory desired to be included in the district, the necessity for the inclusion of such territory within the district, that it will be conducive to the public health, safety, convenience, or welfare, and that it will be practical and feasible for such territory to be included within the district. If said application is approved by a majority of the Board of Trustees of the District, the territory described in said application shall thereupon become part of the district.

9. a) That the Trustees of the District be authorized to borrow money for the purpose of carrying on the duties of the district from any bank and to issue notes and securities therefore;

b) That the Trustees of the District be authorized to issue revenue bonds as provided in the act for the purpose of the district;

c) That the Trustees of the District be authorized to contract with any user or governmental unit;

d) That the district and the Trustees be given the powers to do everything necessary, proper advisable, or convenient for the accomplishment of any of the purposes, or the attainment of any of the objects or the furtherance of any of the objects or the furtherance of any powers set forth in IC 19-3-1. 1-1 through IC 19-3-1. 1-20 as amended by the Acts of 1972 and 1973 of the Indiana General Assembly.

OFFICE MEMORANDUM

DATE: October 22, 1975

FROM: Rex E. Jones

TO: Oral H. Hert

SUBJECT: Petition to form the Geneva Township Regional Waste District in Jennings County

The staff of the Planning Section has reviewed the petition for formation of the Geneva Township Regional Waste District. The proposed District encompasses "all of Geneva Township and Section 29 of Center Township, Jennings County, Indiana." The planning area is sufficiently large to address the needs of a broad region. Therefore, it is recommended that the Stream Pollution Control Board accept the petition for a formation of the District.

PETITION FOR ORGANIZATION OF THE GENEVA TOWNSHIP REGIONAL WASTE DISTRICT

I have reviewed the petition for the formation of the Geneva Township Regional Waste District. It substantially complies with the requirements of IC 1971, 19-3-1.1. It is recommended that the Stream Pollution Control Board accept the petition and name a hearing officer to conduct a hearing at a time and place to be decided by him.

RECEIVED
SEP 11 1975
STATE BOARD OF HEALTH
OFFICE OF THE HEARING COMMISSIONER

PETITION FOR ORGANIZATION OF A REGIONAL WASTE DISTRICT

The Township Trustee of Geneva Township, Jennings County, Indiana, and the Township Trustee of Center Township, Jennings County, Indiana, having been authorized by their respective Advisory Boards hereby petition the Stream Pollution Control Board of the State of Indiana for an order establishing a regional sewage district in said county and in support hereof allege and say as follows:

1. That said regional sewage district shall be known as "The Geneva Township Regional Waste District".

2. That the principal office of said district shall be located at Trustee Office R1 Scipio, Indiana.

3. At the present time, there are no sewage facilities in the proposed district and waste disposal is by the use of septic tanks and field dispersal systems. The population of the district is growing rapidly as a middle income, residential area between Columbus, Indiana, and North Vernon, Indiana. Due to many factors, including the highwater table and the high clay content of the soils, the area is unsuitable for field absorption of septic tank effluent and is unsuitable to handle the increasing density of population as this area grows with new developments. Much of this effluent is finding its way back into the waters and exposed ground surfaces, either directly or indirectly, and at the present time, there is no outstanding public indebtedness in the area of the proposed district for any sewage facilities.

4. A general description of the area to be contained is all of Geneva Township and Section 29 of Center Township, Jennings County, Indiana.

5. Petitioners recommend that Five (5) Trustees be selected to constitute the governing body of the district. Petitioners further recommend that two (2) of said Trustees be appointed by the Geneva Township Trustee, one (1) of said trustees be appointed by the Jennings County Commissioners, and that the other two (2) be elected at large by the voters in the district being served. Initially, the petitioners recommend that the two (2) elected representatives be appointed by the three (3) District Trustees selected by the Geneva Township Trustee and Jennings County Commissioners. Specifically, petitioners would recommend the following initial terms which would take effect December 1, 1975, with members of the Board of Trustees appointed by the Geneva Township Trustee and Jennings County Commissioners:

a. Geneva Township Trustee appointee-one year term and four year term.
b. Jennings County Commissioners appointee- three year term.
c. District Trustee appointee- two year term.
d. District Trustee appointee- one year term.

Said terms are to expire on November 30 of the year as provided by the organizational order or until a successor is named and qualified. Once the initial terms have expired, all terms will be for four (4) years.

6. That petitioners propose that until receipt of revenues from the operation of said district or proceeds from the sale of revenue bonds are available, that the district will be operated and the necessary expenses incurred for legal, engineering, and administrative expenses incurred in the forming and organization of this district will be paid through connection fees and grants received from Federal or State sources and from the operation of the district or from the proceeds of the sale of revenue bonds.

7. That the development of the sewer and treatment plants in said district will, as currently anticipated, occur in phases with the first and final objective being to have the sewage lines and treatment plant as shown on the map accompanying this petition.

The estimated cost of the project in its final form is $2,100,000. Charges for connection fees and the usage of the sewer will vary depending upon the construction costs and pro-rating of costs to the particular areas involved. However, a connection fee is estimated to be $200 for a single family dwelling and an average user rate of $7.84 per month for full time use.

Cost of operation, reserve, and debt service of facilities is estimated at $42,539 per year.

Financing to accomplish the purpose of the district is calculated to come from the following sources:

Inelgible grant costs	$ 105,000.00	
Eligible grant costs	1,995,000.00	
TOTAL costs		$2,100,000.00
E. P. A. Grant (75%)	$1,496,250.00	
State Grant (10%)	199,500.00	
Connection fees	90,400.00	
Bond (or loan)	313,850.00	
TOTAL funds		$2,100,000.00

8. At any time after the creation of the district, any political subdivision whose territory is not wholly included within the district, may file an application with the district setting forth a general description of the territory desired to be included in the district, the necessity for the inclusion of such territory within the district, that it will be conducive to the public health, safety, convenience, or welfare, and that it will be practical and feasible for such territory to be included within the district. If said application is approved by a majority of the Board of Trustees of the District, the territory described in said application shall thereupon become part of the district.

CAUSE NO. B-313

PETITION TO EXCLUDE
TERRITORY FROM REGIONAL
WASTE DISTRICT

We, the undersigned Board of Trustees of the Geneva Township Regional Waste District, pursuant to I. C. 1971, 19-3-1.1-7, Public Law 150, Acts of 1972, hereby petition the Stream Pollution Control Board of the State of Indiana for approval to exclude from the Geneva Township Regional Waste District real estate in Geneva Township, Jennings County, Indiana, particularly described in "Exhibit A" attached hereto and made a part hereof. The reason for requesting that said real estate be excluded from the Geneva Township Regional Waste District is that said real estate is owned by Hidden Valley Lake, Inc., an Indiana Corporation, and is being developed and sold as Country Squire Lakes Subdivision. All of the property owners in said subdivision will be provided sewer service by the Collection and treatment system operated and maintained by Country Squire Lakes and/or the sewer service of the City of North Vernon, Indiana. Therefore, there is no necessity for continuing to include this geographical area in the Geneva Township Regional Waste District.

Dated this 7th day of August, 1976.

Geneva Township Regional Waste District
Petition to Exclude Territory

On August 12, 1976, the Office of the Technical Secretary received the attached petition to exclude territory from the Geneva Township Regional Waste District.

The purpose of the exclusion is to permit the developers of that area to provide sewer service to the residents.

In that the Regional Sewer District Act (IC 19-3-1.1) is silent as to the procedure to be utilized for such action it is the opinion of the legal staff that the Board may issue an amended order excluding territory from the district.

The proper motion would be to amend the Final Order in Cause No. B-313 to read as follows:

NOW THEREFORE, IT IS ORDERED by the Stream Pollution Control Board of the State of Indiana:

1. That the petition be accepted.

2. That a regional sewer district, to be known as the Geneva Township Regional Waste District, be organized as an independent political entity of the State of Indiana as a body corporate and political.

3. That the purpose to be accomplished by said sewer district is to provide for the collection and disposal of sewage.

4. That the territory to be included in the district will consist of all of Geneva Township and Section 29 of Center Township, Jennings County, Indiana, except the following:

   Beginning at an iron pin at the northwest corner of Section 24, Township 7 North, Range 7 East, said point also being the center line intersection of Township Road 500 W and Township Road 400 N; thence with the center line of Township Road 400 N and the north line of Section 24 N 88° 57' 19" E a distance of 1411.38 feet to an iron pin; thence continuing with said center line N 87° 43' 20" E a distance of 1315.69 feet to an iron pin; thence leaving the center line

   N 0° 14' 29" W a distance of 2682.69 feet to a stone; thence N 86° 57' 49" E a distance of 1363.78 feet to a stone; thence N 3° 16' 42" E a distance of 653.11 feet to an iron pin; thence N 88° 48' 44" E a distance of 1943.90 feet to a spike in the center line of State Route No. 7; thence with the center line of said State Route No. 7 S 41° 59' 24" E a distance of 689.21 feet to a spike; thence on a curve to the left an arc distance of 660.11 feet (the radius of said curve being 34,308.86 feet, the chord bearing being S 42° 32' 25" E and the chord being 660.07 feet) to a spike; thence with the north line of the Lloyd D. Jackson 2.028 acre tract

N 0° 25' 41" W a distance of 1159.20 feet to an iron pin; thence leaving the center line

N 84° 38' 03" E a distance of 282.63 feet to an iron pin; thence N 3° 13' 36" W a distance of 800.83 feet to an iron pin; thence S 88° 53' 10" W a distance of 242.50 feet to an iron pin on the center line of Township Road 500 W; thence with the center line

N 0° 25' 41" W a distance of 653.12 feet to the place of beginning containing 1431.446 acres more or less, subject, however, to all legal highways and easements of record.

5. That the district be governed by a Board of Trustees consisting of five (5) members to be appointed by the Geneva Township Trustee.

(a.) Members of the Board of Trustees shall be appointed as follows:

(1) One (1) appointed Trustee with an initial term of four (4) years.

(2) One (1) appointed Trustee with an initial term of three (3) years.

(3) One (1) appointed Trustee with an initial term of two (2) years.

(4) Two (2) appointed Trustees with an initial term of one (1) year.

(b.) Said initial terms shall expire on November 30 prior to the anniversary date of their appointment as set out hereinabove.

(c.) Thereafter, once the initial terms have expired, all terms shall be for four (4) years.

(d.) The Geneva Township Trustee shall have the power to appoint Trustees to fill any unexpired term.

(e.) Members may be appointed for more than one (1) term.

6. That the Board of Trustees shall provide sufficient bond for all officers, trustees or employees who have any power to dispense funds of the district. Said bond, as a minimum, shall be in an amount to equal to, plus ten percent (10%) of, those funds anticipated to be received by the district, divided by six (6), which amount shall be determined annually by the Board of Trustees.

7. Six months from the date of this order the Geneva Township Regional Waste District shall file with the Stream Pollution Control Board of the State of Indiana, a detailed plan for the construction and operation of the district's facilities pursuant to the provisions of IC 19-3-1.1-5(a).

S 30° 43' 42" W a distance of 398.05 feet to an iron pin; thence with Jackson's west line

S 43° 39' 24" E a distance of 231.00 feet to an iron pin; thence with Jackson's south line

N 30° 43' 42" E a distance of 396.48 feet to a spike on the center line of State Route No. 7; thence with said center line on a curve to the left an arc distance of 108.43 feet (the radius of said curve being 34,308.86 feet, the chord bearing being S 43° 34' 02" E, and the chord being 108.43 feet) to a point;

thence S 43° 39' 24" E a distance of 724.80 feet to a point; thence on a curve to the right an arc distance of 363.18 feet (the radius of said curve being 1637.02 feet, the chord bearing being S 37° 18' 04" E, and the chord being 362.44 feet) to a point;

STATE of INDIANA

STREAM POLLUTION CONTROL BOARD

INDIANAPOLIS 46206

1330 West Michigan Street
633-5467

February 3, 1976

Mr. Larry Sutton
Hamilton and McConnell
38 North 5th Street
North Vernon, Indiana 47265

Dear Mr. Sutton:

Re: Geneva Township Regional Waste District
Cause No. B-313

This is to inform you that the Stream Pollution Control Board of the State of Indiana at its regularly scheduled meeting of January 20, 1976, approved the Findings of Fact and Recommendations of Robert G. Grant, Hearing Officer in the above cause, and issued its Order creating the Geneva Township Regional Waste District.

A copy of the final Order is enclosed.

Very truly yours,

Oral H. Hert
Technical Secretary

RGGrant
Enclosure
cc: Hearing Commissioner

FILE

STATE BOARD OF HEALTH

INDIANAPOLIS

OFFICE MEMORANDUM

DATE: August 19, 1976

FROM: Robert G. Grant

TO: Oral H. Hert, Technical Secretary
Stream Pollution Control Board

SUBJECT: Geneva Township Regional Waste District, Cause B-313

The Board of Trustees of Geneva Township Regional Waste District has petitioned the Stream Pollution Control Board to exclude certain territory heretofore included in the District boundaries. The Act (IC 13-3-1.1) is silent as to the procedures to be utilized in excluding territory from an already existing regional sewer district.

Bill Christen and I are of the opinion that the Board has the inherent authority to accept such a petition and act upon it. Accordingly, I have sent a copy of the petition to the Planning Section for their comments. If they, or any other section, haven't any adverse comments the Board may order that the original Order in Cause No. B-313 be modified excluding the territory listed in Exhibit A of the attached petition.
